

MAINE G. O. P. LEAD IS MORE THAN 12,000

MOOSERS RETURN TO FOLD HELPS REPUBLICANS MAKE SWEEP OF STATE

100 Per Cent of Progressives Go Back to Old Party, Old Guard Claims

FIGHT WAS WILSONISM VERSUS HUGHESISM

Fred Hale Gets 9500 Majority Over Senator Johnson, Democrat

AUGUSTA, Me., Sept. 12.—The return of the Progressives to the Republican fold will make the G. O. P. majority more than 12,000, practically complete returns today showed.

The re-united party made a clean sweep of the Pine Tree State, electing gubernatorial, senatorial and congressional candidates.

The Democrats came back strong in the home district voting, Democratic sheriffs, county attorneys and other county officials being put in office in all except two districts.

Daniel J. McGillicuddy, Democratic congressman, whose reelection was practically conceded by the Republicans, was turned out by 500 votes.

G. O. P. Victory Impressive

The Republicans today claimed that practically 100 per cent of the Bull Moose had returned to the old party. The Republican victory was made impressive by the fact that their fight and the Democratic defense were waged exclusively on national issues.

It was really Wilsonism versus Hughesism.

Headquarters of both parties had tabulated figures showing that the majority attained by the Republican gubernatorial nominee, Carl Milliken, was 13,400 ahead of Gov. Curtis.

Col. Fred Hale, who opposed probably the strongest Democratic candidate in the state, Senator Charles F. Johnson, the man whom the Democrats above all others sought to elect since he typified the Wilson policies, had a majority of 9,500 votes, according to virtually complete figures.

Sills' Big Winner
Republican Senatorial Candidate Kenneth C. W. Sills had a 12,000 plurality. Four Republican congressional nominees were elected with votes to spare except in the second district.

"The result leaves no doubt in my mind as to the election of Hughes in November. Our majority will reach more than 15,000 by the time the border vote is heard from," said Frank J. Ham, Republican state campaign manager.

The Republican committee exhibited a message from Governor McCall of Massachusetts saying:

"The result of the Maine election is an unmistakable strong trend which I believe is nation-wide toward the Republican political candidate."

Pattangall Talks
Attorney General Pattangall, campaign manager for the Democratic state committee, said:

"The vote does not represent the majority that the Republicans have had in this state in past presidential years. A similar Republican majority in 1892 was followed by the sweeping of the country by Cleveland."

"Then you do not think that Maine points the way this year?" he was asked. "Maine is normally Republican," he replied. "Look at what happened in 1892."

The Democratic leaders are plainly disappointed at the poor showing made at the polls. Democracy poured its strongest campaigners into the Pine Tree State. It started fire under Hughes' labor record and preached eloquently on how President Wilson "kept the country out of war."

Voters Used Heads
The Maine voters, it is said, used their heads because while the general state and national tickets were overwhelmingly Republican the down-easters elected Democratic sheriffs, county attorneys and other county officers in all but two counties. They elected these officials at home on local issues, the Republicans declared.

Looked upon from its national aspect, Maine politicians believe the result shows that Hughes will carry New England at the national election. However, the admission is made that the result is not so sweeping as has been claimed. Even the Republicans admit that President Wilson will run far better in Maine in November than Milliken did yesterday.

Prior to the voting it was admitted that the Republican majority would be 10,000. According even to the Republican press of Maine, a majority of less than 10,000 would have boded ill for Hughes in November. The Progressives gained almost the full Republican support, yesterday, and in carrying

COMMENTS OF N. Y. PRESS ON ELECTION RESULTS IN MAINE

NEW YORK, Sept. 12.—Editorial expressions of some of the New York morning papers upon the result of the Maine elections follow: World—Neither the Democrats or Republicans have much to brag about. It was inevitable that Maine should go Republican. The only question was the size of the majority. The Republican majority was anything but decisive. If Maine is a barometer of the national election, the national election is on the knees of the gods. It is evident, however, that the Democrats obtained a percentage of the Progressive vote, which, if they can hold it, is large enough to turn the scale in the national election.

Times—It is plain that Theodore Roosevelt carried most of the Progressives with him into the Republican camp. But the vote in Maine does not decide the presidential election, and, with the greatest landslide in years, is no great indication of the final decision. Such comfort as it does give, however, is comfort for the Republicans.

Sun—The returns indicate that the Republicans and former Progressives in Maine came together in a wave that closed over Democratic hopes for "victory in November." The Republicans, split so badly in 1912 that Taft ran third, came together smoothly and solidly.

Tribune—If Maine's vote truly represents conditions throughout the country, Wilson's chances for reelection have become almost negligible.

'HUGHES' ELECTION ASSURED,' ASSERTS REP. FRANK P. WOODS

But Sec. Daniels Says 8000 Republicans Voted With Democrats

WASHINGTON, Sept. 12.—"There is no question now about Hughes' election," Representative Frank P. Woods of Iowa, chairman of the Republican Congressional committee, today said.

"The whole fight will be over seats in Congress. Yesterday's results in Maine make it necessary for us to elect only eight more senators to overturn the Democratic majority. Fifteen will do the same thing in the House."

"An analysis of the vote shows that about 77,000 Republicans voted for Milliken," said secretary of the Navy Daniels, "while 69,000 voted for the Republican senator, which shows that 8000 Republicans voted with the Democrats on national issues."

CROOK ROBS WOMAN WHO FAINTS WHEN TOLD OF 'DEATH'

Bandit In Angel City Tells Grocery Woman Her Husband Has Been Killed

LOS ANGELES, Sept. 12.—"I hate to say it, my poor woman, but your husband has been killed in an accident that has just happened."

Mrs. Lily Peet of Grand avenue fainted when a stranger told her this.

Then the stranger broke open the cash register of the Peet grocery and escaped with \$50.

The husband came home and revived his wife. He said that the report of his death had been greatly exaggerated.

YANKEE FARMERS AND TEACHERS TO AID IN MEXICO, PARLEY PLAN

NEW LONDON, Sept. 12.—It is expected that the Carraz administration will call a constitutional convention and a state and national election before the first of the year.

NEW LONDON, Sept. 12.—American farmers to till Mexican soil and American teachers to teach the Mexicans, is the plan of the American-Mexican commission. The plan is to have only such a number of Americans as will set an example to the Mexicans, thus avoiding everything that smacks of American control or interference.

The commission today agreed that the plan would be feasible. President Wilson's presence at New London has not affected the meeting.

'RUN-OFF' PRIMARIES HELD IN S. CAROLINA

COLUMBIA, S. C., Sept. 12.—South Carolina Democrats were voting in a "run-off" primary today to decide whether former Governor Cole L. Blease shall be recalled to the governor's chair or Governor Richard I. Manning shall have a second term. At the August primary Blease had a plurality of approximately 20,000 over Manning. Minor state officers also will be chosen.

2 DEAD, 13 HURT AS STREET CAR RUNS AMUCK IN GOTHAM

Trolley, Operated By Strike-breaker, Dives Down Hill And Hits Jitneys

NEW YORK, Sept. 12.—Operated by a "green" motorman, a trolley car of the Union Railway Company in the Bronx, got beyond control on a steep grade and jumped the track at a curve, causing the first serious accident of the street railway strike, today.

The car crashed into two jitney busses, killing two persons and severely injuring thirteen others.

Four of the injured may die. The crew on the car was placed under arrest, pending an investigation.

After a night of intermittent rioting, motormen on the Sixth and Ninth avenue elevated roads reported to the police that they had been fired upon by strikers from roof tops.

Third avenue elevated trains were repeatedly bombarded with bricks and stones from buildings.

One passenger, a woman, was struck on the head and seriously injured. Four arrests were made.

The congestion on the subway and elevated roads today was even more pronounced than yesterday, due to the fact that there was little or no service on the surface lines of Manhattan and the Bronx.

Not a car wheel moved in the Westchester cities of Yonkers, Mount Vernon and New Rochelle.

Union leaders claim hundreds of subway and elevated employees have joined the union within the last 24 hours.

THIRD UNDERSEA MERCHANT SHIP ON WAY, BREMEN SAYS

BERLIN, Sept. 12.—Reports from Bremen say that another merchant submarine is expected to leave that port for the United States at the end of the present month.

None of the projected sister ships of the Deutschland and Bremen has, however, been completed yet, according to a statement by Philip Heineken, one of the directors of the Ocean Navigation Company, owners of the Deutschland.

Asked when the Bremen was expected to arrive in America, Director Heineken said: "Only the gods know." He refused to discuss the matter further.

U. S. CHINA INTERESTS NOT INFRINGED, JAPS TELL STATE DEPT.

WASHINGTON, Sept. 12.—Japan today notified the State Department that the Japanese demands on China do not infringe upon United States sovereignty in China.

JURY TO TRY CASE OF BILLINGS, BAY CITY BOMB SUSPECT, CHOSEN

SAN FRANCISCO, Sept. 12.—In the trial of Warren K. Billings, alleged dynamiter, the jury was selected and sworn in today.

GOVERNORSHIP VOTE ON IN GEORGIA TODAY

ATLANTA, Ga., Sept. 12.—One of Georgia's bitterest gubernatorial campaigns came to a close last night and today the voters were deciding which of the four candidates—Hugh Dorsey, Atlanta, famous solicitor; Governor Nat Harris, Dr. L. G. Hardman and Joseph E. Pottle—shall receive the Democratic nomination, which is equivalent to election.

The race seemed to be between Dorsey and Harris, with Dorsey in the lead. It was doubtful, however, whether Dorsey would carry enough counties to secure a majority of the electoral vote necessary to nominate on the first ballot in the convention.

If Dorsey fails to secure a majority on the first ballot, the final result is problematic.

WILL SURRENDER AFTER TWENTY-SIX YEARS

PITTSBORO, Miss., Sept. 12.—J. V. Wright, sheriff of Calhoun county, received a message yesterday from Waterville that Bob Linder would be in Pittsboro today to surrender himself on a charge of murder.

Linder killed Billy Stewart in Calhoun county twenty-six years ago and has been at large ever since. The murder was the result of a dispute that occurred when Linder asked the hand of Stewart's daughter.

ZAIMIS RESIGNS GREEK CABINET PREMIERSHIP, ANNOUNCED

French Aid British In Balkans; Turks Join Germans, Bulgars In Rumania

LONDON, Sept. 12.—It is generally understood that the resignation of Greek Premier Zaimis has been accepted.

LONDON, Sept. 12.—The Bulgarian right wing has been rolled back under a heavy Anglo-French attack in the first big pitched battle since the beginning of the allied offensive.

The war office today announced the capture of Bulgarian trenches on a two-mile front in the region of Majadan. The Anglo-French forces have captured Yenamah. There is little doubt among the critics that the great northward drive of the allies has begun.

ATHENS, Sept. 12.—It was today officially announced that Premier Zaimis had submitted his resignation to the Greek Cabinet. King Constantine is making every effort to dissuade Zaimis from his intention to resign.

FRENCH JOIN BRITISH, SERBS, IN BALKANS

SALONIKI, Sept. 12.—French troops have joined the British and Serbians in the allied Balkan offensive. It was today officially announced. The French and British have captured the town of Yenimah.

OFFICIAL BERLIN ADMITS LOSS OF GINCHY

BERLIN, Sept. 12.—The village of Ginchy today was officially admitted lost to the British.

RUSS SEIZE 900, SCORING CARPATHIAN GAIN

PETROGRAD, Sept. 12.—The Russians have occupied a ridge north of Mount Kapul in the Carpathians, capturing 900 men, it was today officially announced. The Russians captured several heights in the region of Biely Tehermoch.

DRIVE ON RUMANIA IS JOINED BY TURKS

BERLIN, Sept. 12.—Turks have joined the Germans and Bulgarians in their offensive in Rumania, an official statement today said.

The Turks, attacking, rolled the Russians back on the Persian frontier. The Russians gained some successes in the Caucasus, but later were driven back.

ROME POLICE ARREST 6 PACIFIST PLOTTERS

ROME, Sept. 12.—The police today arrested six Socialists on the charge of plotting a pacifist outbreak in every large city of Italy. Fifty thousand handbills were seized. Apparently Socialists were acting under the orders of a naturalized American named Devider living in Switzerland.

BIG ALLY GUNS FIRE GERMAN WAR BASE

LONDON, Sept. 12.—Flames started by artillery fire caused damage last night to a German ammunition depot at Grandcourt, today's official war statement announced.

"Last evening heavy artillery fire caused two large conflagrations at the enemy's ammunition depot at Grandcourt," the statement said.

"Hostile artillery fire last night continued between Delville wood and Mouquet farm. Otherwise there was nothing of importance to report."

SEEK MYSTERY WIDOW IN RICHES BATTLE

CHICAGO, Sept. 12.—The entrance of a mysterious widow into the case of Edward W. Morrison, eccentric Federal judge, caused a search for the widow, said to be a "Mrs. Teckla Gephart" of Los Angeles, Cal.

Morrison, it is charged, was fleeced out of several hundred thousand dollars.

James R. Ward, Morrison's deposed lawyer and present holder of about \$1,500,000 of the aged millionaire's estate, testified that \$18,000 of Morrison's money went to Mrs. Gephart in part payment of a note.

Ward was vague regarding Mrs. Gephart's present whereabouts, but he thought she was in Los Angeles, he said. Judge Landis said he would ask the Los Angeles police to locate her.

County Republican Central Committee Endorses Nominees

Action Is Taken In Order to Present Still More United Front At Polls

Work Looking to Defeat For Democrats Urged In Statement

Republican County Central Committee officers are: Chairman, Walter Eden, Santa Ana; secretary, Stanley M. Reinhaus, Santa Ana.

Democratic: Chairman, James S. Rice, Tustin; secretary, B. E. Tarver, Santa Ana.

Socialist: Chairman, Hugh M. Day, Tustin; secretary, B. Hoffmaster, Santa Ana.

This afternoon the four central committees—Republican, Democratic, Socialist and Prohibition—elected on Aug. 29, met for the purpose of organization. Election of officers were as above stated.

The Republican County Central Committee passed a resolution unanimously endorsing the candidacy of every Republican nominee. That act was particularly interesting in view of the nomination of Gov. Johnson by the Republicans for United States senator.

That it is the intention of the Republican committee to make a fight for all of the nominees was evidenced not only in the passing of the resolution, but also in the declarations of individuals of the committee.

After the election of Eden as chairman, the chairman was authorized to appoint two committees of five each, one as an executive committee and one as a finance committee.

Reinhaus was nominated for secretary by Dr. R. A. Cushman, G. B. Prather nominated T. E. Stephenson as secretary pro tem.

R. E. Larter of Wintersburg made a motion that carried, for the selection of a precinct committee to consist of one member from every precinct in the county, the committees for each supervisorial district to be selected by the central committee of that district.

S. S. BEAVER CARGO IS DAMAGED BY BLAZE

SAN FRANCISCO, Sept. 12.—The machinery of the steamer Beaver was not damaged by the fire in her hold on her trip south from Portland, it was learned today. The cargo loss is estimated at \$50,000.

SAN FRANCISCO, Sept. 12.—Fire broke out in a shipyard of excelsior in the after cargo hold of the steamer Beaver, bound from Portland to San Francisco, when off the Mendocino coast, and was smothered under batted hatches while the vessel sailed to this port. When the hold was opened at the dock, thirteen hours later, smoke poured out and four sailors were overcome while trying to reach the blaze. Officials of the San Francisco and Portland Steamship Company, owners of the vessel, said the loss might reach \$50,000, and was confined to the cargo, consisting of excelsior, newspapers and miscellaneous shipments.

There was no panic among the passengers. Smoke seeping up through the staterooms aroused many who were asleep and brought all on deck.

GERMAN PEOPLE ARE DISSATISFIED OVER NEW FOOD DEPARTMENT

BERLIN, Sept. 12.—The German people are becoming more and more dissatisfied over the new government food department, it is apparent here today.

The optimistic statements of Herr Von Baeck, the "food dictator," about the food outlook led the people to believe that fall conditions would be greatly improved. Instead of food becoming more plentiful, supplies are becoming more organized until within a short time, if the distribution of cards continues, food will be on an absolute ration basis, said one critical German.

SANTA CRUZ MOUNTAIN FIRE FANNED BY WIND THREATENS PROPERTY

SAN JOSE, Calif., Sept. 12.—Due to freshening breeze, the brush and forest fire that is sweeping the Santa Cruz mountains today is spreading with alarming rapidity. Much property is endangered.

HERE'S RESOLUTION ENDORSING ENTIRE TICKET OF PARTY

Following is the resolution passed by the County Republican Central Committee, endorsing all party nominees:

Whereas, all of the primary elections and conventions have now been held, and nominations of the Republican party have been regularly made for President, Vice-President, United States Senator, Representative in Congress, and State officers, including State Senator and Assemblyman, and

Whereas, some of the said nominees have been in the past affiliated with the Republican party and some with the Progressive party; and

Whereas, there seems to be a general feeling among all Republicans of both wings of the party that all of said nominees should be supported by all Republicans and Progressives and elected to their respective offices, so that Republican principles and Republican laws may again be restored to the statute books of our country.

Now, Therefore, Be It Resolved, by the Orange County Republican Central Committee, that this Committee does hereby fully endorse each and every one of the nominees of the Republican party for said offices; and we do hereby recommend and request that every Republican voter in this County do vote for, and work, from now until after the votes are all in at the ensuing November election, for the election of each and every one of said nominees.

L. A. WINS VICTORY AS RULING IS MADE ON GRADE CROSSINGS

LOS ANGELES, Sept. 12.—A decision of the utmost importance to the city of Los Angeles relative to the grade crossing problem was handed down by the State Supreme Court in the case of the city versus the Central Trust Company and the Southern Pacific Company, according to long distance telephonic information received from City Attorney Stephens at San Francisco.

The Supreme Court's decision in favor of the city, City Attorney Stephens says, is a great victory and clears the way for the enactment of local legislation on the subject of regulating grade crossings.

According to Stephens, the court's decision is to the effect that the Railroad Commission Act does not apply to streets and railroads within the city; that the city retains the power to regulate the manner in which the crossings should be maintained, guarded and protected by the railroad companies and the municipal authorities, respectively.

ST. PAUL, Sept. 12.—Whether sunstroke is a disease or an accident today is causing municipal authorities \$2000 worth of worry. George Rana, a city employee, was stricken while at work. He sued the city to compensate himself for the "accident." The city disclaims responsibility.

SUNSTROKE DISEASE OR ACCIDENT? ST. PAUL COURT MUST DECIDE

ST. PAUL, Sept. 12.—Whether sunstroke is a disease or an accident today is causing municipal authorities \$2000 worth of worry. George Rana, a city employee, was stricken while at work. He sued the city to compensate himself for the "accident." The city disclaims responsibility.

INDIAN, HEATHEN FOR 128 YEARS, CONVERTED

CASS LAKE, Minn., Sept. 12.—Ka-be-na-gi-wes, an Indian chief, said to be 128 years old and a heathen all that century and a quarter, won't be buried in the Spirit Land of the Chippewas' Happy Hunting Ground, he declared today. He has taken the name, John Smith, and turned Christian.

VIGOROUS PROTEST ON BRITISH ACT IN PHILIPPINE WATERS

WASHINGTON, Sept. 12.—Violation of American neutrality by a British torpedo boat which held up and examined the Philippine steamer Cebu within the territorial waters of the Philippines was reported to the war department today by Governor General Harrison.

The dispatch immediately was transmitted to the state department and will be made the subject of a vigorous protest to Great Britain.

COAL STRIKE OFF KANSAS CITY, Sept. 12.—The miners and operators have agreed. The strike is off.

MYSTERY CROOKS LOOT LA HABRA POST OFFICE, BANK, STORE IN NIGHT

Total of Eight Buildings Are Broken Into In County By Bandits

CRIMES COMMITTED BY TWO MEN, IS BELIEVED

Deputies From Sheriff's Office At Work On Baffling Series of Thefts

LIST OF BURGLARIES
August 23—Hugh Peelor's store at Placentia; two pair shoes, two cheap watches stolen.

August 27—Store at Buena Park; \$50 stolen.

Sept. 6—Postoffice, poolroom and feed store at Garden Grove; \$1.31 stolen.

Sept. 8—Postoffice at Olive; \$20 stolen.

Sept. 11—Postoffice at La Habra; between \$15 and \$20 stolen. Bank at Olive, \$2.23 taken, and store at Olive, some cheap jewelry taken.

The above list of burglaries is credited by the sheriff's office to two burglars, whose names are unknown and their identities not established.

The latest was a double burglary last night when the post office at La Habra and a store at Olive were burglarized. The bank at Olive is located in the same room with the store, and from a drawer in the bank \$2.23 was taken. No attempt was made to open the bank's safe or the store's safe.

Get Cash Register
At La Habra the store in which the postoffice is located was entered in the same way that practically all of the other places entered in the last two weeks by the mysterious burglars. A screen was cut, and a window was jimmied until the latch broke.

From the store, a cash register was carried out through the window to an orange orchard back of a poolroom, where the register was opened and between \$15 and \$20 was taken. No merchandise was taken from the store, and nothing was taken from the postoffice. Under Sheriff Inman and Deputy Maxwell were informed by a man who lives near the postoffice that he heard a noise in the direction of the place about 3 o'clock this morning. A hatchet, old wooden chisel and a clawhammer were left by the burglars.

Took Cheap Jewelry
In the burglary at Olive last night the thieves departed from their usual practice, which was to take nothing but money, though at Placentia other articles were taken.

Ordinarily the thieves gained entrance through jimmieing a window. At Olive last night they pried open the front door of the Olive Mercantile Co. with a piece of wagon spring taken from a blacksmith shop nearby. The store stands west of the Santa Fe. The store at Olive robbed Friday night was Kuzel & Lorenzen's store.

Yesterday in the Olive bank someone paid Cashier Wolff \$2.23 for a telegram that he had sent, and he dropped the money in a drawer so that he might keep it separate from the day's business. That money was all the money the burglars got in the place.

The bank is in one corner of the room occupied by the store. The storekeeper on examining his stock of goods this morning informed Inman and Maxwell that the burglars got away with a handful of cheap rings and a card of watch chains worth from 35 cents to \$3 apiece.

GUARDSMEN PRACTICE WITH ARTILLERY, USE MODERN FIELD PHONES

EL PASO, Sept. 12.—Artillery practice, directed by modern field telephones, today was begun by the Pennsylvania Guard, the batteries using regulation ammunition. The range of firing is nearly three miles.

JAPAN TENDERED LOAN REJECTED BY CHINA

WASHINGTON, Sept. 12.—President Li Yuan Hung and his ministry have rejected the Japanese tender of a \$30,000,000 loan, according to State Department cablegrams received here from Peking. The republic is now expected to renew negotiations with American financial interests for a loan of that size.

China, the dispatch stated, was convinced that the Japanese proposition hedged with embarrassing conditions, chief of which was the intention to supervise Chinese expenditures.

MOOSERS RETURN TO FOLD HELPS REPUBLICANS MAKE SWEEP OF STATE

(CONTINUED FROM PAGE 1)

ing the state by the majority they did they scored a satisfactory victory, although the result was not a landslide.

G. O. P. Shows Gain

The Republican vote showed an increase of about 35 per cent over 1914 and the Democratic vote showed a gain of about 7 per cent.

The trend of the Maine Progressives toward Hughes is strongly shown by the fact that two years ago the combined Republican and Progressive vote was 15,048 greater than the Democratic vote and yesterday the Republicans with the Progressives aiding them won by 15,000.

Another point which is favorable to the Republicans is the fact that Maine has not elected a governor by more than 19,000 since 1904. In 1906 the majority was less than 10,000 and in 1908, a big Republican year, a Republican governor was elected by less than 8,000.

Wilson carried Maine in 1912 over Roosevelt by a plurality of 2520.

Maine, however, is normally Republican. The Republicans carried the state for president in 1900 by 28,613. The Republicans carried it in 1904 by 36,807. The Republicans carried the state for president in 1908 by 39,584.

SPECIAL CONGRESS SESSION SUGGESTED TO WILSON

CHICAGO, Sept. 12.—A special session of Congress to pass the National Woman's Suffrage amendment today was suggested to the President by Miss Alice Paul of the Woman's party. She pointed to the "overwhelming defeat of the Democrats in Maine" and also to the ninety-one electoral votes in the twelve suffrage states.

DEMOCRATS WILL SWEEP INDIANA—TAGGERT

NEW YORK, Sept. 12.—A sweeping Democratic victory in Indiana was predicted today by Senator Thomas Taggart.

"President Wilson and the Democratic ticket will carry Indiana by 50,000," he told National Chairman McCormick.

WILSON DECIDES ON MORE CAMPAIGN SPEECHES

NEW LONDON, Conn., Sept. 12.—President Wilson today decided to make a number of pre-election speeches scheduled for St. Louis on September 20, and for Baltimore September 24. The President reached his decision to make more speeches after a talk with Home Cummings, vice chairman of the Democratic National committee, while en route here on a train yesterday.

Cummings, whose duty is the round-up of campaign orators, told the President that he would accept a number of invitations that had been extended him from all sections of the country where people are waiting to be told why the Democratic administration should be returned to power. Just where the additional speeches are to be made was left to the National committee, but the President asked that they be confined as far as possible to the East. His reason is that if he goes on an extended trip into the West numerous platform speeches of a political nature must be made. He wishes to avoid this, believing that the President of the United States should not campaign.

MAINE RESULT SENDS UP STEEL COMMON

NEW YORK, Sept. 12.—Wall street today responded to the Maine election returns by sending Steel Common to a new high record of 105 3/8.

LIGHT VOTE IS EXPECTED IN COLORADO PRIMARY

DENVER, Sept. 12.—An extremely light vote in the country districts which political leaders attribute to the heavy crops and scarcity of labor, is being cast today in the statewide primaries. The heaviest polling is in cities and towns.

The voters are having their final say today on the men "designated" by the state conventions as primary candidates. The Democratic convention made Julius C. Gunter their unanimous choice for governor. He is opposed in the primary. The Republicans "designated" George B. Carlson, the present incumbent, and Samuel D. Nicholson, to fight it out in today's battle.

Under the Colorado primary law, if a candidate receives ten per cent of the state convention vote he is entitled to a place on the primary ballot. As a result of this, nominations for the various state offices, including that of state treasurer, attorney general, state auditor and members of the state supreme court are being contested for by many men.

He Was Worried and Hopeless

"For ten or twelve years I was bothered with bad kidney trouble," writes T. F. Hutchinson, Little Rock, Ark. "I tried many remedies and doctors, but grew worse all the time. I was worried and had almost given up all hope. I tried Foley Kidney Pills and they helped me a lot. I have since used five boxes and am now a well man." Foley Kidney Pills drive out aches and pains due to kidney trouble; also sleep-disturbing bladder disorders. Rowley Drug Co.—Advertisement.

FORGET YOUR ACHES

Stic knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuritis, get a bottle of Sloan's Liniment, the universal remedy for pain. WILLCOX, M'CORMICK INTERPRET MAINE RESULT DIVERSELY

NEW YORK, Sept. 12.—The results of the Maine election were today given a diverse interpretation. "It means a reunited party; that the Progressives have returned to the party, and that Hughes' election in November is assured," said Republican Chairman Willcox.

"The result of the Maine election indicates a sweeping Democratic victory in November," said National Chairman McCormick of the Democrats.

PRINTERS TO TALK OVER PAPER FAMINE

ATLANTIC CITY, Sept. 12.—George H. Gardner of Cleveland will deliver an address on "The Paper Situation" before the convention of the United Typothetae and Franklin Clubs of America which convened here today, which is expected to start the general discussion of a probe into the paper famine and other serious business problems of the printing and publishing business caused, or said to have been caused, by the war.

The association is the national body of the employing printers of the country. It is to be their thirtieth annual convention.

The print paper situation, recently investigated by the Federal government and the subject of consideration at all gatherings of printers and publishers this year, probably will be concretely acted upon by the convention.

Papers in every part of the country have been compelled to reduce their size; printing prices, which never did provide any too good a margin for the printer, anyhow, have been boosted, and may go higher. Good inks are as scarce as is good paper.

A report will be made tomorrow by Secretary J. A. Borden, of Chicago. "The Dangers of Modern Economic Policies as Pertaining to the Printer" was the topic discussed by A. E. Omen of New York City at the morning session today.

Fletcher Ford of Los Angeles will address the convention Thursday on "Printers' Credit Pro and Con." President Albert W. Finlay, of Boston, will be chief entertainer at the closing session Thursday evening.

STOLE \$5000 TO AID FAMILY, SAYS WOMAN

NEW YORK.—Dorothy Barnholz, 29 years old, assistant cashier for Klauer Bros. & Co., lace importers, at No. 887 Broadway, confessed to Assistant District Attorney Ryttenberg the larceny of \$5000 from her employers. She was the main support of her brother and sisters and other relatives living at No. 508 West One Hundred and Thirtieth street. Her only object in stealing was to provide her relatives with comforts, she declared.

STARVING MOTHER AND TWO BABIES SAVED

CHICAGO.—Two weeks alone, her husband in the hospital, she undergoing the pangs of motherhood in his absence, and then the specter of starvation at her door almost brought the final tragedy to Mrs. Ingleborg Dahlstrom in the little rear flat at 1128 Sedgwick street. She had hidden the last penny in the house and could not find it, and she and her two babies had been three days without a morsel of food entering the door, when two policemen came to the rescue, crawled in at a window when she refused to open the door and took her away just in time to save her reason.

WOMAN BATHER FAILS TO LOCATE CLOTHES

NEW YORK.—Miss Jennie Atkatz, 21 years of age, of 18 Columbia street, Manhattan, was standing in front of the municipal bathhouse at Coney Island, waiting to buy a dressing-room ticket, when a man told her she could use a room in a near-by boarding house for 15 cents.

She went there, put on her bathing suit and returned to the beach. When she came out of the water she forgot the location of the house.

Miss Duffy, police matron, sent a messenger to the home of the young woman for clothes. When they arrived Miss Atkatz resumed her quest for her clothes.

\$50,000 TO GIRL CLERK FROM FATHER'S FRIEND

BRIDGEPORT, Conn. — Miss Della H. Owen, a clerk employed by George C. Batchelor & Company, has been left \$50,000 by the late George C. Parks, millionaire resident of Purchase, N. Y., because of the intimate friendship which existed between himself and the late Carmi Dwight Owen of Springfield, Mass., Miss Owen's father.

Miss Owen said she had known Parks since she was a child. The fortune came as such a surprise she could not say what she would do with it.

\$300,000 FAKE CLAIM USED FOR SWINDLE

SAN FRANCISCO.—A warrant was issued for the arrest of William G. Uridge, broker, formerly connected with the Golden Gate Brick Company, which has lately gone out of business. He is charged with issuing a worthless check for \$343. The complaint was sworn to by G. W. Owen, manager of the Bay Shore Construction Company. Uridge, according to Owen, claimed that he was heir to a \$300,000 estate and that under such a representation got credit.

'MOVIE' CONTEST TAKES IN SANTA ANA GIRLS

The "Movie" contest now being conducted by the Continental Feature Film Company of Orange is of interest to Santa Ana inasmuch as one of the girls is to be selected from local contestants, the other three coming from Orange, Fullerton and Anaheim, respectively. The four girl winners are to take the leading roles in a film made in Orange County, depicting Orange County scenes exclusively. Certain pictures will be made of the Santa Ana streets with the local Elks' lodge as the prime attraction.

The Scenario

The story is that of a young mining engineer, who discovers gold in our hills. He returns east to interest a banker. The banker agrees to come West and look over the property. It is his first trip beyond Colorado and his daughter insists upon accompanying him, and likewise to take along a number of girl friends to see the "wild" West. At once the girls begin to dream of cowboy and stage-coach life. Their erroneous conception of the West are brought to light in a forcible way. Love is also woven into the film. All of which adds to the interest of the picture; the principle idea of which is to boost and advertise Orange County—the home of Continental Feature Films.

To Begin at Once

The film company will begin active operations shortly. Fred H. Sears, general manager said:

"We will begin to manufacture films within three weeks, or immediately upon completion of this contest. The Rochester Hotel at Orange is now being remodeled. Awnings and flowers are part of the scheme of exterior decoration while the interior will be changed into an office suit and studio."

E. K. Dyer, formerly connected with Griffith, Favorite Players, Selig and other studios, is the producing director of the Continental Feature Film Company.

FLEETING PROSPERITY IS FOOL'S PARADISE

Don't Let Smoke From Munition Factories Cloud Your Brain With Belief It's Abiding.

PROTECTION, OUR BULWARK

Forget Not the Dire Conditions Which Depressed This Country Under the Democratic Free Trade Tariff Prior to the War—They Will Return to Plague and Hunger You Unless the Republicans Are Restored to Power.

"When we contemplate industrial and commercial conditions," says Mr. Hughes, "we see that we are living in a fool's paradise. This is the condition to which the administration and its supporters have deliberately closed their eyes. When the war cloud broke over Europe, this country was experiencing the most serious depression it had known since 1893, when the Democratic party and its policies were in full control of the United States."

Suddenly there came from over the sea a demand for munitions of war, clothing, food, supplies, everything needed by vast armies and by countries whose sons were taken from the field and the workshop, never to return.

As a result our exports and the balance of trade in our favor have reached figures far surpassing any ever before known. Temporarily, especially in the East, there is no lack of work at high wages, for Europe must pay whatever price America asks. No thoughtful person would imagine that this condition is anything like real prosperity. How false it is, we in Oregon, who have the clearer vision, because not clouded by the smoke from munitions factories, have fully felt and fully appreciated.

What the Republican candidate for president says about it the Democrats know to be true:

"Our opponents promised to reduce the cost of living. This they have failed to do, but did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the new tariff prior to the war. Production had decreased; business was languishing; new enterprises were not undertaken; instead of expansion there was curtailment and our streets were filled with the unemployed."

The suspension of these conditions is not nation-wide, only sectional, and depends upon the duration of the war. Those who think otherwise are, indeed, living in a fool's paradise.—Portland (Ore.) Telegram.

DINNER CHATS WITH WALNUT GROWERS

(By J. G. Berneike, M. D.)

What price will be quoted on walnuts this year? A few weeks ago a walnut grower stopped me and said something like this: "About four years ago you wrote an article on the walnut price and I believe we got 15 cents because of it." I disclaim entirely having exerted such an influence on the price. The grower, no doubt, greatly over-rated it. However, it has always been my aim, and is now, to give the growers all possible information that may have a bearing on the price, and through giving this information I hope to exert my share of influence in price in price quoting.

Last year the price for No. 1 was set at \$13.50 per 100 pounds. In the opinion of the writer a 14-cent price was justified and he briefly stated the reasons for it in this paper. Our delegates and no doubt many others from other associations went to Los Angeles with the 14-cent idea. The manager, as I happened to know, had a 13-cent idea, and, of course, had his reasons for it. The price settled upon was therefore a compromise. Later events proved that the arguments for a 14-cent price had been correct. Since about two dozen growers of intelligence together with the manager had settled on the price after full discussion, it was proper to accept it without reserve. The price was later raised to 14 cents and a part was sold at that price. The opinion of the manager still is that not all of the crop could have been sold at this price. The opinion of the writer is that if the 14-cent price had been set at the beginning all of the crop could and would have been sold at \$14—just as fast as it was sold at \$13.50 per hundred, and this opinion seems to be that of many other growers in position to know. Stating these facts is not intended as a criticism of the price that was set or of those who set it. The compromise was reached after reasonable discussion. These facts are stated here simply to show that the walnut growers have among them men of intelligence whose opinions may be just as correct as the opinion of the man at the selling end, and that they are acting in good faith for the growers in the associations. And that if they are liable to mistakes, the man at the selling end is also liable to mistakes, and likewise the man who might have been in the place of the delegate.

Price fixing is such a delicate and complex operation that we must not judge harshly either side. Unforeseen and unforeseeable conditions often arise to prove the undoing of the best and most conscientious effort.

What, then, will be the price this year? That interests us all very much. The writer does not belong to the inner circle and does not pretend to know. We have already been told that it will be higher than last year. But how little or how much? This simply stimulates our curiosity and desire to know.

The tendency among the delegates to boost the price and of the selling end to hold down the price will no doubt again end in a compromise. The reader will allow me to state some of the factors that should give the growers this year at least as high a price as the highest we have had (three years ago, I think) namely, 16 cents per pound for No. 1. Briefly:

First—An early harvest; we can supply the Thanksgiving and Christmas trade before French and Italian walnuts can possibly reach our markets (in case they come).

Second—Fine quality of nuts. The first pound will sell the second.

Third—The East is prosperous. Well paid workmen are good spenders.

Fourth—The market is bare.

Fifth—The California crop is much

NATION IRRIGATION CONGRESS TO BE AT EL PASO OCT. 14-18

EL PASO, Texas, Sept. 12.—The official call for the twenty-third annual meeting of the International Irrigation Congress, to be held here October 14 to 18, has been issued over the signatures of President R. F. Burges of Texas; Secretary Arthur Hooker of Washington; J. B. Case of Kansas, chairman Board of Governors, and of James G. McNary, chairman El Paso Board of Control. The call directs particular attention to the formal dedication of the \$10,000,000 Elephant Butte dam by President Wilson on October 14 as one of the leading features of the convention.

Details of the program to be followed at the dam have not been worked out but owing to the magnitude of the structure to be dedicated to the service of mankind and the prominence of those who will take part in the ceremony there is every reason to believe that the exercises will be of a character in keeping with the occasion.

The first session of the irrigation congress will be held at the dam, at Elephant Butte, N. M., following the dedicatory exercises. At the conclusion of this meeting an adjournment will be taken to this city. So far as the congress is concerned Sunday, October 15, will be a day of rest, though special services will be held in all of El Paso's churches, affording delegates and other visitors an opportunity to worship as their conscience may dictate.

Elaborate Program

An elaborate program for the meetings of the congress which will be held in El Paso, Monday, Tuesday and Wednesday, October 16, 17 and 18, is in course of preparation. Men of national and international reputation will take prominent part. Subjects of special importance to be discussed are: Rural Credits and Land Settlement; Drainage and Engineering Problems; Irrigation Laws and Legislation; Irrigation Practice; Irrigation Districts, and Markets and Marketing.

Delegates and visitors to El Paso during the time of holding the irrigation congress will have an opportunity to see encamped in and about the city the largest number of American soldiers ever gathered together in one place since the review of the army and navy in Washington, D. C., at the conclusion of the war between the states. During the week of the congress these soldiers will be engaged in working out war problems and in maneuvers on a large scale, affording an opportunity to the ordinary layman to witness a military spectacle which few Americans have ever seen and

CAN CHINAMEN VOTE? IS PUZZLE IN OHIO

COLUMBUS, O.—Can a Chinaman vote in Ohio? This is a question that is causing deep digging into legal lore these hot days, because in Ohio there are a few score of Chinamen claiming the right to take part in the primary and the fall elections.

These men are American-born children of Chinamen who came to the United States prior to the passing of the Chinese exclusion act. Being American born and American reared, they have been told they are not limited in their rights in voting by the provisions that are contained in the Chinese exclusion act.

They are claiming they are American-born children of foreigners residing permanently in the United States, that they have been here all their lives and intend to stay in this country and would be naturalized had the laws enacted that course had not been enacted, and any way they comply with the demands of the law relative to casting a vote for American candidates for office.

SCHOOL BOYS AND GIRLS

An appeal to parents of high school students, urging simplicity of dress for both boys and girls, is made by Principal H. O. Williams of the Sacramento high school. Here's what Williams says:

"May we urge upon the parents the desirability of simplicity of dress, both for boys and girls? This is a public school, maintained for the children of all the people.

"It will become any boy or girl to make himself conspicuous by overdress. It is not generous to make the poorer child feel that the school is not for him because he cannot appear so well as his more fortunate fellow student.

"A good, healthy American girlhood does not need jewelry and cosmetics to make itself attractive."

Too many social activities for the high school student are also opposed by Williams, who warns parents to watch the associations formed by their children. He says:

"Take an interest in your child's social life. The high school age is generally that in which the desire for social intercourse with his fellows begins to be most strongly felt. Watch your child's associates. Learn where he spends his hours out of school.

"The cigarette and the pool room are insidious foes. All moving picture shows are not good for boys and girls. Don't let his desire for social pleasure keep him from preparing his lessons. Parties should be limited to nights not followed by a school day.

"Look after your child's health. High school boys and girls are only boys and girls, and should keep early hours. But play—good, hard physical play—should be part of the daily program of every boy and girl. We recognize this need in requiring physical training of all as a part of the high school course."

A SOLUTION OF THE LABOR PROBLEM

We are told that the labor market is growing "tight," that the stoppage of immigration by the war is crippling our industries.

Some relief might be found by stopping men from perverting raw materials into whiskey and beer and allowing them to devote themselves to the production of necessities and legitimate luxuries.

At the present time the men who labor in useful industries are carrying on their shoulders the men who are wasting their labor in producing poisonous drinks and are eating the product of the labor of the workmen legitimately employed.

The present situation is unfair to labor and unfair to industry. Instead of calling upon Europe for laborers of doubtful quality we should make proper use of the laborers we have.

SUCCESSFUL SAVERS

The late Jim Hill has been widely quoted as putting into a few words an important qualification for success. As the great railroad builder's phrases run:

"The test is simple and infallible: Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as fate, for the seed of success is not in you."

Taking this for its text, the San Francisco Bulletin says:

Under some circumstances it does take grit to save money. It sometimes takes meanness also, besides stinginess, hard-heartedness, lack of imagination and unsociability. The ethical value of saving depends on the purpose of it. If a man saves in order to make other people's lives easier, or in order to carry out a creditable ambition, his pinching and scraping may be noble acts, but if he saves for the mere pleasure of acquisition, or in the hope of climbing on pennies and nickels over the heads of his fellows, his nobility is not self-evident. When Jim Hill saved he saved for a purpose.

It is not likely that he cared to rattle the gold coins in his pocket, flash rolls of bills in saloons, or purr over a bank book. He saved because he wanted the chance to exercise power over other men and saw that money would give him that power. In contrast to him there have been great men in America who, to their dying days, were not able to save. Mark Twain couldn't save, Grant couldn't. Edgar Allan Poe couldn't. Lincoln either couldn't or wouldn't—yet it would take several tons of Rockefeller and Morgans to balance, to America, the value of the least of these men. "Huckleberry Finn" will still be loved by millions of readers a long time after all the successful savers are safely tucked away in oblivion, and the Gettysburg speech would be cheaply bought if half the wealth of the nation had to be paid for it.

With Malice Toward None

By Henry James

The Thoughtless Farmer
The working agriculturist lives in a cloud of pollen for a part of the year. The hay he forks about with reckless abandon sheds pollen all over him. He breathes some of it, and a part lodges in his whiskers. In his oats and wheat and barley, weeds will commit trespass, and at harvest time the pollen from these fills the air.

Pollen, as is known, causes hay fever. The obtuse farmer declines to have hay fever. He is too busy to waste time sneezing. When a shower is coming up, and the last load of timothy is being hurried to the barn he has no leisure to devote to blowing his nose.

But in the distant city, where the pollen in order to catch its victim has to chase him ten or twenty stories up an elevator, after having been wafted across a county or two, this peripatetic pollen gets in its work all right. Very strange. So much the farmer misses by lacking imagination.

Theories of Eating
Very often one sees the statement that more persons die of overeating than from lack of nourishment. Sometimes this is made by doctors, and sometimes by satisfied laymen who revel in a chronic diet of mush and excelsior, and believe that they are living.

Doubtless some folks do eat too much. They acquire indigestion. Or if young and impetuous, and the melon season is on, an acute ache throughout the middle area. Neither experience is likely to be directly fatal.

There are countless thousands who do not have enough to eat. My sympathy goes out to them rather than to the greedy and overnourished. It is the system weakened by hunger that succumbs to ordinary hardships, and that fails to resist infection. The person forced to a condition of habitual famine doesn't believe that he would be harmed by three wholesome and adequate meals a day, and neither do I.

Living on Faith
A young preacher having a charge on the Pacific Coast has just been married. His salary is \$8 a week. He says that he married on this sum and faith.

Too large a proportion of faith, which is not accepted at the corner grocery.

Future Possibility
He sped along the public way at sixty miles an hour.

While chickens flew, and people, too, for shelter had to scurry.

The country justice told his swine, who'd taken all the road.

"To mend your ways, for sixty days, the jail is your abode."

But as it chanced, this speeding chump was quite a social pet.

So in his cell he fared full well on presents from his set.

Thus next time when he went along at such a crazy speed.

The other folk, they spoiled the joke. Oh, righteous was their deed.

They got him and they brought a rope, and hanged him to a tree;

As there he swung, below they sung and chortled in their glee.

Keeping the Marital Faith
According to a Philadelphia woman it is impossible for a rich man to be true to his wife. She has been joyed by divorce from one rich man and now clamors for release from a second, and so believes that she knows.

Of course it would be ungallant to remark that, in this delicate human relation, a rich wife also has been recognized by unbiased observers to be a hard proposition.

Accidental Veracity
Recently a communication appeared in a paper addressed to "Dead Editor."

As truth often is spoken in jest so also it may find expression by accident. Or if this is not the truth, there soon will be a dead proofreader carried forth from that shop.

Valuable Dogs
At a recent bench show made vociferous by the presence of 250 dogs, there were, according to the sporting reporter, \$250,000 worth of the exhibits.

Just a little high. Why flatter a dog?

Movie Degeneration
The movie pictures have demonstrated in many instances their beauty and beneficence.

Why should they prostitute talent to stuff that should be labeled "Perils of Pot Wrestling, or The Explosive Bar of Soap?"

Melancholy Episode
Recently a man tried to walk a tightrope. He used a whisky bottle as a balance.

Viewing the general results, the corner made the melancholy discovery that the bottle was broken when the man fell. He remarked also; but incidentally, that the man was killed.

WETS PAINT WHITE FACES ON ASIATICS

The state is enjoying a laugh at the expense of the leaders of the saloon and all-d opponents of prohibition. One of their principal advertisements in opposition to the two anti-alcohol measures to be voted upon this year, is a picture in colors of a vineyard harvest scene. This picture has been used extensively throughout the state.

The Workingmen Argument
At the top of the picture, in large red letters, appear the words, "Save the Vineyards, Wine, Raisin and Table Grapes, California Taxpayers' League."

At the bottom of the picture appear the words, "Prohibition would Throw Out of Employment 150,000 Men and Women Engaged in the Grape Industry."

In the foregoing there are a number of prosperous-looking laborers with fine white faces, all well clothed and with a general air of contentment. These are the grape pickers who we are told to the number of 150,000 will lose their jobs if the state votes "dry."

White Faces on Asiatics
A copy of the photograph, from which this picture was painted is now in the hands of the California Campaign Federation.

But instead of well-dressed white working men picking the grapes, the photograph—for the sun paints more honestly than does the defender of the booze interests—shows that many of the pickers are Asiatics. The "wets" have painted white faces above the yellow. It was, of course, all right, from the "wet" standpoint, to do this, but the sin of being found out is unpardonable.

In this particular, it is interesting

U. S. SUGAR EXPORTS BREAK ALL RECORDS

WASHINGTON, Sept. 12.—All previous records for shipments of refined sugar have been smashed as a result of the European war. The United States exported during the first seven months of the present year more than 1,000,000,000 pounds of refined sugar, a quantity in excess of the total exports of this staple during the twenty-five years from 1890 to 1914.

HOG CAFETERIA NEW MINNESOTA U. IDEA

ST. PAUL, Minn., Sept. 12.—Bow low to the bacon and tug your forelock to the ham and eggs hereafter. Sir Hog has risen in the world. The hog cafeteria made its appearance at the University of Minnesota today. The porker walks down the line provided, stopping just long enough at each food chute to eat what he wants of that variety. The chutes are as full as they can be crammed, twenty-four hours a day; and the hogs may eat at will.

PRISONS OF SCOTLAND HAVE LESS INMATES

LONDON.—The report on prisons in Scotland for 1915, just issued, reveals a remarkable decrease in the number of criminals dealt with, the lowest since 1869, notwithstanding the fact that the population of the country has increased since then by 45 per cent. The decrease is attributed chiefly to the growth of the temperance movement, increased facility for finding employment and the recent mobilization.

The number of criminals tabulated in 1915 was 27,240.

to note that representatives of the wine makers hold that wine grapes will be probably produced in California which labor can be secured for the grape harvest at lower wages than Japanese and Hindus can be induced to work for.

Stoll Wants Cheap Labor
H. F. Stoll, a member of the State Board of Viticultural Commissioners, and manager of the campaign against the anti-alcohol measures, is quoted in the monthly bulletin of the State Commission of Horticulture for March and April, 1913, as follows:

"One of the most serious difficulties which we must overcome if we hope to compete successfully with France, Italy, Germany, Spain and Portugal in the wine market of the world, is the labor problem. This fall, pickers were at a premium in the vineyards, and as a result prohibitive prices had to be paid to the Japs and Hindus and other available help that could be pressed into service. But, with the opening of the Panama Canal it is expected that the influx of immigration from Southern Europe will help to adjust this vexing problem."

Declared Picture an Absurdity
The doctored picture that has turned the laugh on the "wets" is not the greatest absurdity of their campaign. The absurdity of saying that 150,000 vineyard workers will be thrown out of employment permanently in the event that prohibition carries, must appeal to all. The same is true of the statement that 230,000 Californians will be deprived of their livelihood should booze be defeated. According to this statement something more than one in ten of every man, woman and child in the State of California is dependent upon the booze business for his living.

ITALIANS HOPE TO RAISE SUNKEN CRAFT

MILAN, Sept. 12.—There is still hope of raising or repairing the Italian battleship Leonardo Da Vinci, sunk in Taranto harbor on August 2, or of saving the guns. The vessel lies in thirty-four feet of water.

The loss of a large number of officers and men is deeply deplored, but the event does not weaken the Italian navy's vigilance in the Adriatic and Mediterranean, where other ships will soon replace the disabled units.

MAN IS ARRESTED AS HE HIDES DYNAMITE

WATERBURY, Conn.—Edward Broughton of Brewsters, N. Y., was arrested while hiding a handbag which contained nine sticks of dynamite and 100 feet of fuse in the bushes. He claimed he found it. The police think the man may be mentally deranged.

SECRET SERVICE NIPS SECRET SERVICE POSE

SAN FRANCISCO.—One the charge of impersonating a secret service official and intimidating owners of newspaper routes to furnish a list of their subscribers, Jack Black, alias Thomas Callaghan, alias Harry Kline, in the employ of the Bulletin, was arrested by the United States government officials.

It is charged that Black went to paper route boys of the Call in the Fillmore, Richmond, Van Ness and Vallejo street districts and told the youths that he was a secret service agent endeavoring to locate a gang of counterfeiters and wanted to see their subscribers' list.

Black was released on \$500 bail.

FAMED 'MERCHANTS' OF CHICAGO IN L. A.

LOS ANGELES, Sept. 12.—"Contrary to common belief, I hold that a woman in business is no more limited in the success she may attain than is a man, provided she has the natural ability," said Mrs. Mollie Netcher Neuberger of Chicago, yesterday, as she watched the filming of a new play at Universal City.

Mrs. Neuberger ought to know, for her own brilliant success is a dazzling drama of business that is known throughout the United States.

As sole owner of the big Boston Store of Chicago, Mrs. Neuberger does an annual retail business of approximately \$18,000,000, one of the largest in the United States.

In eleven years Mrs. Neuberger has entirely rehoused her business in a great twenty-story structure, at a cost of \$12,000,000.

ADM. HENDEE, VETERAN OF CIVIL WAR, DEAD

BROOKLINE, Mass., Sept. 12.—Rear Admiral George E. Hendee, U. S. N., retired, died at his home here. He was born in Boston seventy-five years ago and was retired in 1902 after more than forty years' continuous service in the paymaster's division of the Navy Department. He took part in many naval engagements during the Civil War.

MR. HUGHES ANSWERS. Those Who Clamored for His Views Are Hearing Them.

Those friends of Democracy who clamored so loudly for Mr. Hughes' opinions upon current issues will be still held the high office of justice of the supreme court, are now fully answered by the private citizen, who surrendered his judicial position to accede to the wishes of a majority of the people as expressed through their instructions to their delegates to the Republican national convention.

Mr. Hughes has not disappointed those who have reposed confidence in his character and judgment. In his speech of acceptance he has clearly set forth the vital issues upon which the Republican party proposes to conduct the campaign this fall. On the platform he is telling the nation wherein the present administration has been at fault and what is necessary to be done to restore the United States to the place of respect and honor to which it is entitled in the eyes of the world.

How Much is Now Left of the Baltimore Platform?

The President had boldly signed the Pork River and Harbor bill, and his facile pen is dripping with ink eager to attach itself to a Pork Public Buildings bill.

The friendliest apologists of the President's part in the profligate waste of money wrung from the people by oppressive taxation have nothing better to say for him than that it is hardly fair to expect a man to say "I forbid!" in this Presidential year when he is a candidate.

The foregoing words describing the profligate waste of the people's money without Executive approval are taken without change from a plank of the platform on which Woodrow Wilson was elected in 1912:

"We denounce the profligate waste of money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toil. We demand a return to that simplicity and economy which befits a democratic government."

How much is now left of the principles declared and the promises registered at Baltimore as inducements to citizens to vote for Wilson.

Possibly it is because he and his party have been such reckless, such wholesale repudiators of the pledges of 1912 that few people remember or care to remember what pledges were made in his behalf about forty days ago at St. Louis.—New York Sun.

CUNARD IS PURSUED BY GERMAN SUBMARINE

NEW YORK, Sept. 12.—That the Cunard liner Tuscania narrowly escaped being sent to the bottom by a German submarine near the spot where the Lusitania met her fate, was the story told by Ralph E. Cropsey on his arrival here on the Orduna. Cropsey is a New York business man and his home is in Summit, N. J.

N. Y. ESTATE OF HILL WORTH ONLY \$40,000

NEW YORK, Sept. 12.—Louis W. Hill, son of the late James J. Hill, railroad financier, in applying here for ancillary letters of administration on the estate, stated that his father left real and personal property in New York state valued at only about \$40,000. Most of the decedent's property is located in Minnesota.

JURIST'S WIDOW, 75, ENTERS HIGH SCHOOL

BAKERSFIELD, Sept. 12.—Mrs. Mary Brundage, 75-year-old widow of the late Superior Judge Ben Brundage, a pioneer of Kern county, registered as a freshman in the Kern County High School, and will study the Spanish language. Mrs. Brundage has several grandchildren attending the school where she is registered.

S. A. WALNUT SHIPPER SENDS OUT 3 CARS IN TWO DAYS TO EAST

J. E. Gowen, local independent walnut shipper, reports shipments opening up rapidly. He sent out one car yesterday, billed to Pittsburg, and is sending out two today, one to Chicago and one to New York.

ALLEGED BULGARS MADE SURPRISE MOVE ON RUSS ARMIES

LONDON, Sept. 12.—Ludovic Nadeau, the Daily Chronicle's correspondent with the Russian armies, telegraphs from the southern front:

"While Rumania was mobilizing, a Russian army, I am now able to divulge, was marching through the Boudjda south of the mouth of the Danube.

"The Bulgarians secretly effected a concentration between Rutschuk and Shumla on the Rumanian frontier, imitating the maneuver in the Balkan war when they surprised the Turks at Kirkilissa. They unexpectedly attacked the Rumanian advance guard at Turtukai, and scored a local and momentary success.

"That event is not ominous for the future because the Rumanians are concentrating their forces. Furthermore, the Russian army in the Boudjda, under a very experienced and skilful commander, is advancing steadily.

"It is highly probable that the most important part of the eastern operation will remain the Hungarian front. Already Kronstadt has been occupied by the Rumanians. Very soon the Austrian army will have no possible line of defense left except the river Maros."

L. A. POLICE LOOK INTO MYSTERY DEATH

WEDDING ENDS ROMANCE

Lovers, Separated Years Ago, Are Married This Afternoon

A romance starting in Oakland years ago had its ending in Los Angeles today, when Mrs. Hannah Hallstrom of this city and C. Peterson of San Francisco were married at the Swedish church in the Angel City. They will spend their honeymoon in San Diego, after which they will return to Santa Ana, where they will make their home, Mrs. Hallstrom having a residence at 814 North Broadway.

Mrs. Hallstrom and Mr. Peterson were sweethearts at Oakland many years ago.

Peterson was one of the first men to strike for Alaska when the big Klondike strike was made. Before departing for the gold fields he endeavored to exact a promise from his sweetheart that she would remain single until he could return with a fortune and claim her hand in marriage. The sweetheart declined to make such a promise. Peterson passed a number of years in Alaska, during which time the lovers lost track of each other. Mrs. Hallstrom married, and with her husband came to Southern California, where Mr. Hallstrom gained an enviable reputation as a well driller. Her husband died in this city about three years ago.

Mrs. Hallstrom attended the exposition in San Francisco last year and while in the city learned that her former lover was a resident there. She called at his address but did not get to see him. She left her card. Soon after her return to Santa Ana she received a letter from Peterson, and a little later he came here and renewed the acquaintance of years ago, and the wedding today is the result. Peterson never married, always holding out the hope that he some day would again meet his former sweetheart.

The couple went to Los Angeles yesterday and secured a marriage license. They were guests over night of Mrs. Hallstrom's sister, Mrs. C. Carlson. Witnesses to the ceremony were the Carlson family and Mrs. A. Dutz of this city, who is a sister of Mrs. Hallstrom.

Missionary to Speak

The Woman's Home and Foreign Missionary Society of the First Presbyterian church will meet Wednesday, September 13, at 2:30 at the church. Miss Hilda Helstrom, missionary from Synchron, Korea, will address the meeting.

Miss Helstrom is an exceptionally interesting speaker and a large attendance is desired that many may hear of her great work in northern Korea.

For Pomona Guests

Mr. and Mrs. J. M. Wine of 208 Haladay street, informally entertained a jolly party of friends last evening in honor of Mrs. Wine's sister, Mrs. Lane, and family, of Pomona. A musical program and conversation occupied the evening, at the conclusion of which the hostess served refreshments of ice cream and cake.

Mite Box Opening

The Young Women's Foreign Missionary Society of the First Methodist church held its annual mite box opening last evening at the home of Mrs. I. Flitz, 216 North Ross street. A business session and program occupied the earlier part of the evening, during which the following officers were elected: President, Miss Ursula Lee; vice president, Miss Loraine French; treasurer, Mrs. Charles Doty; corresponding secretary, Miss Cynthia Schalekamp; mite box secretary, Miss Cora Winters; executive secretary, Miss Mamie Lamb; jubilee secretary, Miss Tessie Winters.

Following the program refreshments of salad, sandwiches and coffee were

served by the hostesses of the evening, who were Mrs. Doty and Misses Ursula and Emma Lee.

Surprise Party in Berrydale

Tuesday evening, September 5, a delightful surprise party was given at the home of Mr. and Mrs. Frank Lewis of Berrydale, in honor of their daughter, Miss Esther, it being her fifteenth birthday. Two auto loads of young folks, chaperoned by Mrs. Broady and W. E. Smith, came from Los Alamitos. The evening was spent in playing games and in conversation, after which dainty refreshments consisting of fruit punch and cakes, were served.

Those present were Misses Evelyn and Ethel Pickard, Elizabeth Smith, Mary Gupitill, Edna Miller, Esther Lewis, Florence Rhine, Lillian Stokes, Cordelia Proctor, LeVina Newsome, Masters Alvin Culp, Fay Barnett and Lawrence and Ralph Broady, Milton Rhine, Ben Boob, Ben Gupitill, Dudley Smith, Calvin Culp, Roy Miller, Charlie Miller; Messrs. W. E. Smith, C. B. Rhine, Frank Lewis, Mrs. Julia Coon, Mrs. C. B. Rhine, Mrs. Frank Lewis, Mrs. Delphia Nearing, Mrs. Elsie Broady, and Miss Ethel Stokes.

Silver Anniversary

Saturday was the twenty-fifth anniversary of the wedding of Mr. and Mrs. W. W. Clevenger of 505 East Fifth street, and their daughter, Miss Ramona Clevenger, thought it should not go by without some celebration of the happy occasion. Accordingly she conspired with a number of friends and neighbors and in the evening they descended in a surprise visit on Mr. and Mrs. Clevenger. The evening was pleasantly spent with games and music, later bounteous refreshments which were brought by the guests being dispensed. Mr. and Mrs. Clevenger were presented with a handsome case of silver in honor of the day.

Celebrated Birthday

Yesterday, the eleventh birthday of Mildred Paul, the little daughter of Dr. and Mrs. J. E. Paul, was celebrated by two enjoyable events. The first was a theater party at the West End Theater given by Mrs. Paul in honor of the occasion, at which the following guests were present: Mrs. S. W. Stanley, Helen and Marian Stanley, Mrs. F. W. Slabaugh, Virginia Slabaugh, Marjorie Tibbs, Madame Nealey, Mrs. E. M. Nealey, Mrs. Paul, Mildred and Cassius Paul. After the performance the party adjourned to James' Gold Room, where refreshments were served.

In the evening the birthday celebration was continued at a dinner at the home of Dr. and Mrs. S. W. Slabaugh on Bush street, at which the guests were members of the Paul and Slabaugh families. The crowning feature of the dinner was a birthday cake, decorated with the proper number of candles and rosebuds, and with the little honoree's name written in chocolate icing.

Lambert-Walton

A license was issued in Los Angeles yesterday for the marriage of Harry L. Lambert, proprietor of the Sultarium on East Fourth street, and Miss Clara Walton, daughter of Mr. and Mrs. J. W. Walton of 1134 West Pine street. The young people left Santa Ana without letting any of their friends know of their plans, and details of the happy event have not been received here as yet. Both the young people are well known and popular in Santa Ana society.

M. E. CONFERENCE TO START NEXT TUESDAY

Through mistake, it was announced in the Register that the Methodist conference was to commence today, Tuesday. The conference is to commence next Tuesday, September 19, and is to last until Monday, September 25.

Ben Turner still writes fire insurance at 113 West Fourth St. Phone 284.

Miss Bristol to Wed

The many friends in Santa Ana of Miss Marian Bristol, who was raised here, will be interested to hear that she is to be married next month to a Mr. Danlap, who holds a responsible position with the Santa Fe in Los Angeles. The young couple will make their home in Hollywood.

Missionary Meeting

The C. W. B. M. of the First Christian church will hold its regular meeting at 7:30 tomorrow evening in the church parlors. At this time the society will observe its "Tribute Day." An interesting program has been prepared, and all interested are invited to attend.

Daughters of Veterans

The Daughters of Veterans met in regular session Monday afternoon. One candidate was admitted to the order.

An invitation to attend a picnic at Orange County Park from Mrs. King, president of the W. R. C., was received and members were urged to attend.

EDWARDS COMMITTEE HERE HAS MEETING

The Edwards campaign committee of Santa Ana held a meeting at the Free Methodist church last night, Rev. W. Stone presiding. Several precinct captains were chosen to work for J. S. Edwards, Prohibition party nominee for Congress.

It was decided to raise \$75 as Santa Ana's share of the expenses of conducting the Prohibition party train bearing the presidential nominee. That train will arrive in Santa Ana on September 22 for a stay of 40 minutes during which time addresses will be given.

AMUSEMENTS

At Clune's

While many of the "sleight of hand" tricks used by Clune's last night have been seen before, such as tearing a strip of paper into bits and restoring it whole, the transferring of a handkerchief from a tube at one side of the stage to a glass on the other, etc., the wielder of the magic wand "pulled off" several new things of startling effect.

The reproduction of Hans Hantz's famous painting, "The Laughing Cavalier," upon an apparently blank canvas was original and very artistically done. The levitation and suspension of the human body and the sudden disappearance of it a moment later from the stage to the back of the theater was a masterful bit of work.

Cunning will repeat the performance tonight.

COULD NOT DO HER COOKING

Mrs. F. E. Hartmeister, Tea, Mo., writes: "I was affected with kidney trouble for two years. I was so bad this summer I could hardly do my cooking. I got Foley Kidney Pills and they helped me. I feel like a new person." Too many women neglect symptoms of kidney derangement. When the kidneys are not properly doing their work poisons leak in the system cause weak back, dizziness, puffiness under eyes, swollen ankles, joints and rheumatism. Rowley Drug Co.—Advertisement.

BILLIARD FANS SEE ALEXANDRIA TOURNAY

A large crowd of enthusiastic billiard fans was on hand last night to witness the first of the series of rapid-fire three-cushion tournaments being staged at the Alexandria parlors by Manager H. C. Burke. Crane beat Murphy, 20 to 14; Jacobs beat Norton, 20 to 15, and Stevenson beat West, 20 to 15. In the play-off Jacobs beat Crane 20 to 14 and will play Stevenson, who drew the bye, tonight for the honors. High run of four was made by Murphy. Tonight's play will begin at 8 o'clock. Manager Burke expects a larger attendance tonight.

REGISTRATION FOR NOVEMBER ELECTION WILL END OCT. 7TH

Registration for the November election will close on October 7. Transfers from one precinct to another cannot be made after that date for the November election. Some of those who failed to register in time for the August primaries have registered since that date, and it is expected that the wet and dry fight as well as the presidential contest will add several hundred names to the great register before October 7.

'PEEPING TOM' AGAIN ACTIVE IN THIS CITY

"Peeping Tom" is again busy in Santa Ana. J. W. Shields, who resides at 812 West Sixth street, reported to the officers last night, about 10 o'clock that a man had been seen in the neighborhood attempting to peek into the windows of residences. A search failed to locate the intruder.

IN THE JUSTICE COURT

TWO MEXICANS ARRESTED FOR LIQUOR SALES

**Buena Park Clean-up Results
In Fine of One and Sentence
To Jail of Another**

Sheriff Jackson and his deputies brought two Mexicans to jail last night for selling liquor, and one of them, Juan Montanez of Buena Park, pleading guilty, was given a sentence of 100 days in jail. The other, Tomas Morena of Yorba, pleaded not guilty, and his trial was set for October 11. Morena, a feeble old man, was in jail several months ago for a similar offense.

The sheriff's office has cleaned up three places in Buena Park where it was reported liquor was being sold to laborers in the beet fields. Yesterday Pablo Ledesma on a guilty plea was given a fine of \$200, which he paid, and a suspended sentence of 200 days.

Serious Charge

William J. Pilcher, a shoemaker of Santa Ana, has been arrested upon a serious charge. He gave \$1500 bond for his appearance for a preliminary examination on September 27.

Charges Theft

J. D. Atherton of Buena Park has sworn to two complaints, one charging Juan Montanez with stealing a \$5 gasoline stove from him, and the other charging Elvardo Francisco with stealing a mattress, tub and can, worth \$5.50.

Not the Weaver

Yesterday the police in Los Angeles arrested R. E. Weaver, 27, thinking he was R. E. Weaver wanted here for speeding. He proved not to be the man.

HESITATES TO GIVE 10c; PUNCHED BY FORAGER

CHICAGO.—Raymond Oberlin came to Chicago from Naperville to look for work. At Clark and Washington streets he was accosted by two men. "Gimme a match," demanded one of the men, and Oberlin complied. "Gimme a match," demanded the man, and again Oberlin obeyed. "Gimme a dime," the man then said.

MIDGET FREIGHTER STARTS ACROSS OCEAN

NEW YORK.—The Dutch steamer Oldambt, one of the smallest freighters that ever attempted the trans-Atlantic passage, sailed with a cargo of tobacco for Rotterdam. The Oldambt, built in 1914, is registered at 500 tons gross, and is 151 feet long, with a beam of twenty-five feet.

Compared with the German undersea boat, Deutschland, the Oldambt is of 291 tons less register and is only one foot more than half the length of the submarine.

To Quiet Title

In order to quiet title and clear away an ancient cloud, suit to clear title to two lots on West Fourth street near Cozad's store is to be brought. Preliminary to the suit, J. C. Burke has asked for letters of administration on the estate of D. M. Durman, who died in 1908. These lots were owned for twenty years by the Odd Fellows, and were sold by the lodge to Tom Karas, and by Karas to R. M. Hargrave.

For Citizenship

Frederich David Lautenbach, born in Lauffen, Germany, in 1891, has petitioned for final papers of naturalization. He is a baker living at 308 North Lemon street, Anaheim, and has been in this country since 1907. Witnesses who have known him at least five years are Joe Lautenbach and Richard Krastel, both of Anaheim.

For Foreclosure

With W. R. Garrett at attorney, Sidney D. Lewis has brought suit against G. W. Jones and others to foreclose a \$2000 mortgage on lot 1, block 29, Yorba Linda tract.

M. E. Bauer is plaintiff in a suit to foreclose a \$2000 mortgage on ranch property. Leonard Evans of Anaheim is attorney for the plaintiff. Wm. F. Durr is the defendant.

Declares Homestead

A declaration of homestead is recorded by Frances E. Wilcox on a lot in the Enterprise tract; value, \$3000.

9 DAUGHTERS ELECT MAN COUNTY OFFICIAL

LORAIN, O.—Albert Baker was nominated for treasurer of Lorain county because his nine daughters campaigned for him. For a week before the election the Baker sisters scoured the county working in behalf of their father.

On the day before the voting they organized an automobile parade with a band on a truck, and made a spectacular finish of their political efforts. On election day the nine daughters divided their forces one each being stationed at the voting place in the most populated districts. As a result their father, comparatively unknown, was nominated by the Republicans of the county, winning in a field of seven candidates.

WIFE BIDS FOR WORK BY SENTENCED SPOUSE

WENTWORTH, N. C.—A jury in the superior court convicted J. W. Slaughter, formerly chief of police of Draper, of the murder of Thomas Weaver, and the verdict carried a sentence of two years in prison. In addition, the jury stipulated that Slaughter pay \$400 to his victim's widow and granted the county commissioners authority to hire the prisoner out for labor.

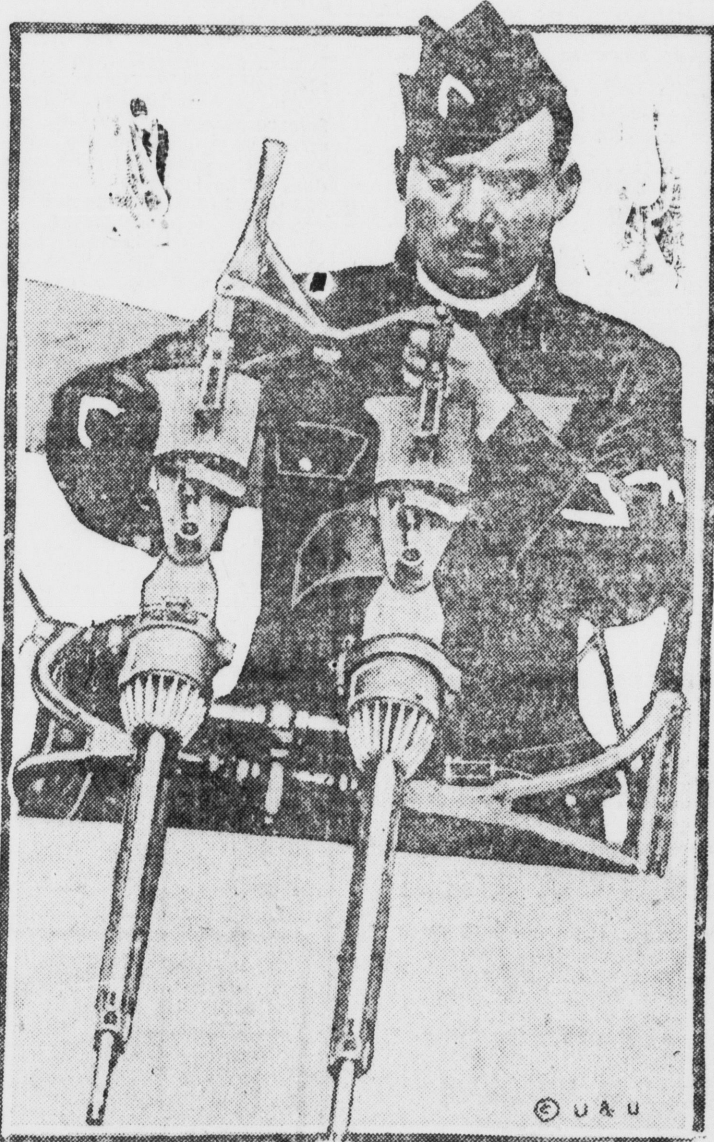

His wife at once put in a bid for her husband's services, and there is little doubt that it will be accepted. So Slaughter probably will serve his prison sentence at home. He had pleaded self-defense.

GIRL AT PLAY FALLS FROM FIRE ESCAPE

PHILADELPHIA.—While playing on the fire escape at the rear of her parents' apartment at 703 South Fifty-sixth street, Mercedes Hupp, 11 years old, fell two stories to the pavement. She sustained a fracture of the skull and is in the West Philadelphia Homeopathic Hospital in a serious condition.

RECEIVES 66,000 VOLTS; MAN BOASTS OF IT

HARTFORD, Conn.—Francis P. Bill of Bristol recovered from the effects of having 66,000 volts of electricity course through his body. The physicians attending him said the case was one of the most remarkable ever reported.

Bill was on the roof of the paper-house looking over the damage done to the wiring system by a storm when he accidentally came in contact with the high tension distributing frame, through which 66,000 volts of alternating current flowed. Most of his body was as black as jet as a result of the electric shock.

JAW BROKEN, CLAIMS WOMAN STRUCK HER

PROVIDENCE, R. I.—At the Rhode Island Hospital, with a broken jaw and other bruises, Mrs. Rosie Zumbick, 56, of North Providence, told the

police that Mrs. Josephine Danza, 40, assaulted her after she accused her children of "stealing her eggs." Mrs. Danza was arrested. The injured woman was found near her home at 14 Mildred street, unconscious, and sent to the hospital after examination by Dr. Frank Brazil, medical examiner. Mrs. Zumbick claims the other woman knocked her down and kicked her. The women are neighbors.

SAILORS WHIP ORATOR FOR INSULT TO ARMY

NEW YORK.—Lewis Kuttner, a street orator, was hauled from his soap box by eight sailors of the battleship Arkansas because he had said disrespectful things about the army and navy.
After getting a sound drubbing Kuttner was released and remounted his soap box. He told the crowd at Ninety-sixth street and Broadway the sailors misunderstood him, as he thought much of the army and intended to enlist.

BANKERS TO TELL POOR HOW TO SAVE

KANSAS CITY, Sept. 12.—When the American Bankers' Association meets in this city two weeks hence, President Frank A. Vanderlip of the National City Bank of New York and other financial geniuses will discuss plans to teach Americans of moderate means to save their money.

A special committee of the association has been investigating this matter for more than a year and its report is said to contain some surprises for Mr. Average Citizen concerning his pennies, quarters, dimes and dollars.

The American people of the rank and file, for all their aspirations to live well, have grown quite frugal, though not stingy, it is said. Still there could be a great deal more money saved by the individual that would not take away from him any of the necessities and modest luxuries he now enjoys, it is claimed.

The business sessions will occupy the bankers September 28 and 29.

JAPANESE PUPILS USE STRIKE PLAN

TOKIO.—Strikes of pupils against their teachers constitute a feature of modern Japan which is giving the educational authorities considerable concern.

Previously peaceful revolts of students were confined to the medical schools, but latterly it has extended to the middle schools, which correspond to the high schools of the United States. The strikes are usually due to the pupils' objection to the transfer of a favorite teacher or to their dislike of a new teacher.

Ordinarily the incident is closed up by the temporary suspension of the students. This makes them surrender, as they fear dismissal, which would ruin their careers in business or professional life.

A recent strike occurred in Takao, Northern Japan, where all the fourth and fifth-year students, numbering more than 200, went on a strike because they were not satisfied with the head master.

Another recent incident in the public schools was the dismissal of a middle school teacher owing to his alleged dissemination of dangerous thought among the pupils. It is alleged that the teacher, an instructor in a commerce school, in the course of a lecture expressed admiration for a historic personage, Taira-no-Masakado, who made an attempt to overthrow the imperial throne.

When the dismissal was announced the principal of the school sent in his resignation on the ground that he was jointly responsible for what had been done by his subordinate.

NEWPORT HARBOR LINES TO BE LAID SOON

Residents of City Express Their Sentiments to Congressman and Engineer

Both the bulkhead and pierhead lines of Newport harbor are to be established by the government engineers at an early date. This was determined at a meeting held yesterday between Maj. G. B. Pillsbury, government engineer in charge of the Los Angeles district, Congressman Kettner and a gathering of harbor boosters, held at the Orange County Country Club house.

Previous to the meeting Mr. Kettner and Maj. Pillsbury were the guests of Santa Ana business men at a luncheon in the balcony of the Dragon. The visitors were brought down from Los Angeles in an auto by Lew Wallace of Newport Beach and Kellar Watson of Orange, both members of the Harbor Commission. Following the lunch some of the party went to the Country Club in machines, being joined there by representative harbor boosters from Newport Beach and other coast points.

Mr. Wallace called the meeting to order, and introduced Congressman Kettner. Mr. Kettner read the section of the river and harbor bill making it mandatory that the harbor lines be established, and then said that the matter for those interested to decide at present was whether or not the bulkhead lines should be established at present, or also the pierhead lines. The former will establish the lines of the harbor front, while the latter determine the distance into the harbor which a pier or other structure can be built.

No Negatives
Maj. Pillsbury was then called on, and said he was there to hear what the people of Newport Beach wanted done. He called for arguments for and against the establishment of both characters of lines. Mr. Wallace feared that it would be impossible to find any negatives, but said he would scrape up one if possible.

Mayor Jumper of Newport Beach, City Attorney Clyde Bishop and others spoke. Attorney Bishop, who is a specialist on harbor matters, said it would be best that both the bulkhead and pierhead lines be established at once, for the reason that this would insure the harbor against depredations by selfish interests, and obviate the necessity of using time and money which might be devoted to more useful purpose in fighting such interests. He said that to have the full harbor lines established would help the harbor boosters in their work before the legislature at the coming session. Others spoke along the same lines. There was no opposition evidenced.

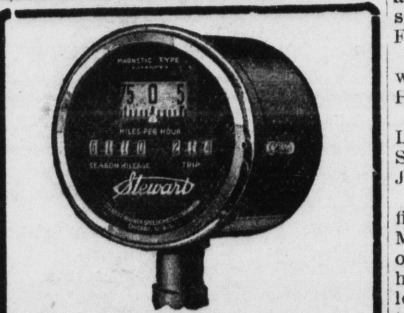

After the meeting the party made a launch trip around the bay. This was Maj. Pillsbury's first visit to the bay, and while he was chary of expressing opinion he was evidently impressed with its advantages and possibilities. Maj. Pillsbury made no official statement, but indicated in conversation that the wishes expressed at the meeting would be complied with, and that both bulkhead and pierhead lines would be established in the near future.

On September 25 the city of Newport Beach will vote on a bond issue for the purpose of establishing two jetties at the mouth of the harbor. At the meeting yesterday well informed men said the bonds would carry by an overwhelming majority.

THREE INJURED IN EXPLOSION OF BOILER

Union Oil Men Have Painful Though Not Serious Hurts In Accident

FULLERTON, Sept. 12.—Three men employed by the Union Oil Company were painfully injured when a boiler with which the men were working blew up early Sunday morning. The three injured men are Powell, McCoy and Aldrich. The explosion filled McCoy's eyes with oil-impregnated sand, temporarily blinding him, inflicting severe lacerations on one of Aldrich's ears and cut Powell's arm. None of the three was seriously injured.

Strange Lapses
Suffering from a strange malady which, according to the police, drives him from home at periodic intervals, Thurber Meyers of Brea, formerly employed by the Union Oil Company, is at the county hospital. Apparently he is a victim of amnesia, which partially blots a memory of past events from his mind.

Meyers, according to Marshal French, was taken ill about three weeks ago. Friday afternoon the mysterious influence which impels him to leave home exerted itself and he wandered away. By a strange coincidence he reached the county hospital by nightfall, there told his story and was taken in charge by the attendants. Marshal French was notified of his arrival soon afterward and succeeded in getting in touch with members of his family. Meyers has a wife and four children living in Brea.

Closes Controversy
The closing chapter in the action brought before a referee by the State Industrial Accident Commission by Mrs. A. C. Gale of Olinda, for compensation for the death of her husband who received fatal injuries while in the employ of the Petroleum Development Company, was written yesterday when Attorney E. J. Marks, who, Attorney H. H. Coyle, appeared for Mrs. Gale, received notice that the commission had denied a rehearing of the case. The defendants were the Petroleum Development Company, and the United States Fidelity and Guaranty Company, accident insurance having been carried by the latter for the former. Gale fell from a trestle during a heavy rain and wind storm and lay for hours exposed to the elements before his plight was discovered. The commission awarded Mrs. Gale compensation.

School Enrollment
With the registration reaching 385 before noon yesterday, the Fullerton Union High School, with other schools of the county, opened its doors for the school year Monday morning. Prof. Hauck expressed the belief that the enrollment would reach the 400 mark before the day was over.

A thief sneaked softly up the back porch of Henry Patton's home on West Santa Fe avenue and stole a baby buggy Sunday night. Marshal French trailed the buggy tracks for several blocks and finally lost them on the pavement.

Before an interested audience S. W. Grathwell of Stanford University, who has been enlisted in the fight to abolish the saloon in California, spoke at the Christian church Sunday afternoon on prohibition. The speaker was introduced by Rev. Marsh, pastor of the Christian church.

BUSINESS SUSPENDED AS MARK OF RESPECT PIONEER MERCHANT

Business life in Fullerton paused for a time yesterday afternoon as a last tribute to a man who has been closely identified with the progress of the city during the past twenty years. Business houses closed their doors from 2:30 to 3:30, while friends assembled at the Methodist church to attend the funeral services of W. R. Collis, who passed away suddenly last Saturday morning.

Beautiful flowers and scores of friends at the office attested the popularity of the deceased. Many old friends were present from Santa Ana, Mr. Collis having been a former business man of this city, where he was associated with the Crookshank-Beatty store before entering business at Fullerton.

Rev. Hocker, pastor of the church, was assisted in the services by Rev. Holcomb. The pall bearers were S. W. Pringle, L. B. Steward, S. W. McCullough, E. Stone, A. W. Daniels, H. W. Schultz, J. L. Marshall and George B. Key, Jr. The deceased was a member of the first board of directors of the Home Mutual Building and Loan Association of Santa Ana, and for twenty years had represented the association in Fullerton. The directors of the organization yesterday attended the funeral services in a body, being accompanied by E. W. Mansur, who was secretary in the early life of the institution. The directors were Frank Ey, C. P. Kryha, Frank Vegely, Ed F. Waite, P. Beissel, and Horace Fine, and O. M. Robbins, secretary.

Miss La Rue Fipps Still In Lead, But G. Ben Brown Is Very Close Second

And Watch That Garden Grove Girl; Miss Ila Crane Makes a Sensational Gain.

Those Who Would Win If the Contest Closed With Today's Published Score—An Illustration.

Several Seem Certainly Destined to Go Into the Roll of Honor Next Saturday Night

The second day of the Big Vote week of the Register's mammoth contest opens with snap and ginger. This will be the banner week of the campaign. Just four days of the Big Vote skirmish are ahead of you and when the smoke of the battle clears away each day with the sinking of the sun, be sure in your conviction that you have won the day. Pile victory upon victory day after day during the remainder of the big vote bonus season, and you will have no cause for anxiety when the judges are reeling off the final count.

Now, while you have practically a clear field, you'll find subscriptions twice as easy to secure as you will at the last of this contest when the field has been done to a whisper.

That the candidates have started a battle royal for the EXTRA votes is evident from the steady stream of ballots that poured into the ballot box yesterday.

Creeping Up For Place In the Roll of Honor

Have you noticed how several of the contestants are creeping up towards a place on the Roll of Honor?

There is Miss Ella Davis with 244,750 votes; and G. Ben Brown, with a few votes ahead of her, with 265,920.

Do you realize—does Miss Davis realize—that if she had gotten just one more NEW ANNUAL subscription she would have led Mr. Brown in today's count, and that if this were next Saturday, that difference of one NEW ANNUAL subscription might have made a difference to her of 140,000 votes and \$10 in cash?

Then there is Miss La Rue Fipps, who is still in the lead and seems destined to go in the Roll of Honor with ease.

HUT—she is only 10,000 votes ahead of Mr. Brown.

Several Candidates Make Big Gains In Today's Count

The most sensational gain of the day is that of Miss Lila Crane of Garden Grove. She will go into the Roll of Honor with ease. She jumps from 108,580 to 228,580, a gain of 120,000; and she displaces Miss Vivian Tower of Anaheim for first place among the contestants outside of the city of Santa Ana.

But, shucks! How easy it would be for some of those who show much smaller votes to go to the front in tomorrow's count—certainly they might easily do so by Saturday night.

Moreover, who knows how many votes they may have in reserve! If the Contest Closed With Today's Vote Score

Strange as it may seem, some people—even some of the contestants—still seem confused about how the prizes will be won and awarded.

Take a concrete illustration. Say, for the purpose of illustration, that the contest closed with today's published score. The winner of the First and Second Grand Prizes, competed for at large, would be as follows:

The \$1200.00 Studebaker Six Touring Car would go to Miss La Rue Fipps.

The \$500.00 Cash Prize would be won by G. Ben Brown.

The District Prizes would go as follows:

First District: Carl Burns, \$100.00; Fred P. Stever, \$50.00; Miss Sylvia Shields, \$25.00.

Second District: Miss Ella Davis, \$100.00; Theodore Gilbank, \$50.00; Hays Flemming, \$25.00.

Third District: Miss Lila Crane, Garden Grove, \$100.00; Miss Vivian L. Tower, Anaheim, \$50.00; Miss Hazel Brady, Talbert, \$25.00.

Fourth District: Wm. Hazen, Tustin, \$100.00; Mrs. Myrtle Waffle, Lemon Heights, \$50.00; Miss Lillie Robinson, Tustin, \$25.00.

Contestants All After Those Extra Votes and Cash Prizes

Yes, indeed; they are all after those EXTRA votes and CASH PRIZES offered for NEW annual subscriptions turned in this week—before six o'clock next Saturday night.

For the largest number of NEW ANNUAL subscriptions we shall give a prize of \$10 in cash and 100,000 EXTRA votes.

For the second largest number, \$5 in cash and 50,000 EXTRA votes.

For the third largest number, \$2.50 in cash and 25,000 EXTRA votes.

Remember, now! A NEW subscriber is one who was not on our books when this contest was announced, Tuesday, August 29th.

An annual or yearly subscription is one paid for a year in advance.

And of course four 3-months, or two 6-months, or one 6-months and two 3-months subscriptions will count as one yearly subscription.

Also of course a subscriber who pays for 2 years, 3 years or 5 years will count as 2, 3, or 5 yearly subscriptions.

ALL the candidates, in order to have any chance of winning the capital prize, will simply HAVE TO GET IN ON THE BIG VOTES THUS MADE POSSIBLE.

Somebody is going to feel mighty good and proud next Saturday night with a Ten-Dollar-Bill tucked away in his inside pocket and 100,000 EXTRA votes in the ballot box, not to mention the whopper regular vote on the NEW annuals that won the cash and the EXTRA votes!

MAY OIL BREA ROAD AND EXCLUDE TRUCKS

Supervisor From Pomona District Suggests Plan to Better Highway

Pomona Progress: Supervisor John J. Hamilton suggests a way out in regard to the paving of the Brea canyon road concerning which there has been endless controversy for several weeks. It appears absolutely certain that the paving cannot be done during the next twelve months on a permanent basis, so Mr. Hamilton is offering the best alternative. He thinks the work can be done with oil, and practically agrees to have it done providing it can be protected from the heavy traffic.

Mayor Vandegrift expresses the belief that Mr. Hamilton's suggestion is worthy of immediate acceptance, being of the opinion that a bird in the

hand is worth two in the bush and that anything for temporary relief during the forthcoming winter will be a big lift. He has received the following letter from the supervisor in connection with the proposition:

"Hon. W. A. Vandegrift:

"Pomona, Cal.
"Dear Mr. Vandegrift: The road commissioner tells me that he can put the Brea canyon road into very nice, smooth condition with a coating of oil for about \$6000, or \$1000 a mile, but that such a road would not stand up under heavy traffic. He suggested that if this policy is pursued to improve the road until it is paved, the road could be boulevarded and trucks kept off.

"I should like to know what the feeling of the people of Pomona is on this subject, whether it would be satisfactory to have a good road for the ordinary automobile travel, excluding trucks, or not."

Mrs. Brown tells her grocer:
"Please send me some tea—black tea."

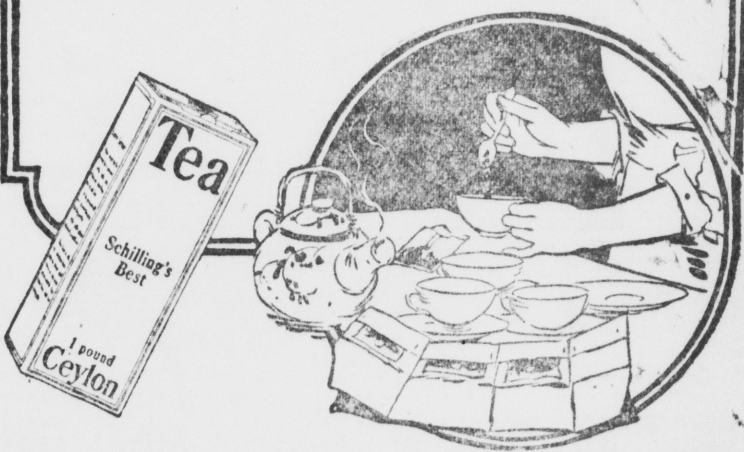

And he does!

But Mrs. Brown, perhaps, doesn't realize that there are two distinct types of black tea: English Breakfast and Ceylon. And that she might like one better than the other. The way to choose tea is by taste. If you will send ten cents, we'll mail you the Taste Packet—the simplest, surest way to know good tea.

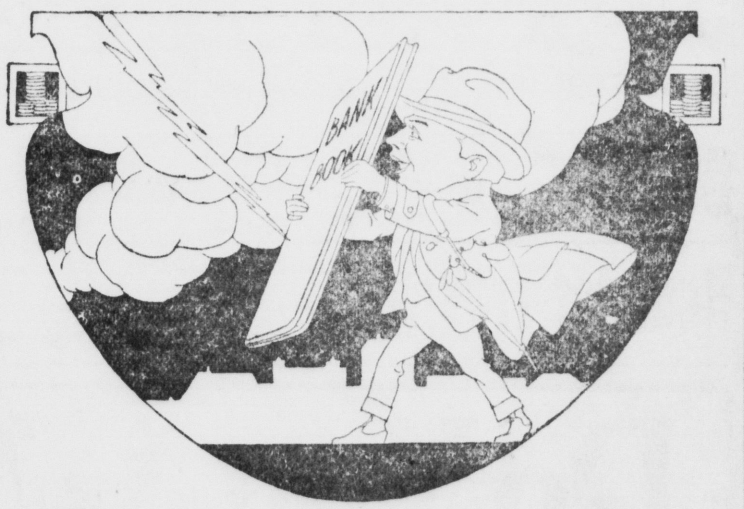

The Taste Packet contains four parchment envelopes of Schilling's Tea—Japan, English Breakfast, Ceylon and Oolong—enough to make five or six cups of each taste. Address: A Schilling & Company, 333 Second Street, San Francisco

WILL FILL AND ROLL ONE SIDE OF STATE ROAD

Division Engineer Patch Regrets Lack of Funds to Put On Rock Shoulders Now

The state highway department is going to take immediate steps to better one side of the state highway between Tustin and San Juan Capistrano, in order to lessen the danger to traffic along that highway.

Division Engineer Patch of Los Angeles went over the highway yesterday, and after a conference with Resident Engineer Spellmeyer it was decided to put men to work to make a temporary shoulder upon one side of the highway, at least where the condition at the present time is most dangerous.

"I regret deeply," said the division engineer, "that there is not money available for putting the rock shoulders upon this portion of state highway at this time. The rock shoulders cost about \$2000 per mile, that is \$1000 for each side. The funds available for work in this section are so low that we have had to do protective work at other points instead of keeping on with the shoulders. We have rebuilt some road at Trabuco, and unless we do some protective work we might lose the same pieces of road this winter. That is also true at San Juan creek. I am hoping that we can get the Aliso bridge in before the rains.

"It is our intention now to throw dirt along one edge of the state highway where there are bad drops at the edge of the pavement, and keep that watered and rolled with a big roller. That will make it so that there will be more room for passing on one side at least. When there is more money available the first of the year we can go ahead and complete our shoulders of rock, as we had contemplated."

IF TOO FAT GET MORE FRESH AIR

BE MODERATE IN YOUR DIET AND
REDUCE YOUR WEIGHT. TAKE
OIL OF KOREIN

Lack of fresh air it is said weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed. Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from Rowley Drug Co., or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days treatment has been reported to show a noticeable reduction in weight.

Atascadero News, August 12: Out from San Luis Obispo County this month to every corner and quarter of the United States and to many foreign countries, will go by mail the first issue of the Woman's National Magazine, to hundreds of thousands of homes. It is safe to say that not one in ten thousand of the people who will receive and read this magazine ever heard of San Luis Obispo County, or knows that it is on the map. To have a magazine with the largest circulation of any publication on the Pacific Coast, published in this county, is not going to hurt the county.

Consider

the purchasing power of such an army of readers, most of whom have a natural desire to own a home in California. Templeton-Paso Robles district is immediately north of the Atascadero Colony and is already feeling the stimulus of nation-wide publicity.

Right now is a good time to visit the locality and see the fine Bartlett Pears, French Prunes and Almonds being harvested and see the walnuts, apples and other fruits on the trees—all grown without irrigation. Drop me a one cent postal with your name and address plainly written; the booklet I will send you will give you much valuable information.

WHEN Charles E. Hughes, Republican candidate for the presidency, visited Butte on his speaking tour, he and Mrs. Hughes were taken down into the Leonard copper mine, 2000 feet under ground. They had to dress in oilskins to protect themselves from the water there. This photograph shows them in the mine cage, about to ascend, after they were shown about the mine.

GERMAN DIVERS TO BLOCKADE BRITAIN

LONDON, Sept. 12.—In a dispatch from Berlin to the Daily News, Rutledge Rutherford says:

Germany has decided to declare a blockade against England, effective on January first next.

For this purpose a powerful fleet of submarines is being completed and plans are being worked out to make the blockade a stringent one.

The movements of the submarines, it is said, will be guided to some extent by Germany's high flying Zeppelins.

These submarines and Zeppelins will be equipped with extra sensitive wireless apparatus.

Official Tells Plans

One high in the councils of the German naval administration said: "By the end of the year and perhaps a little sooner, Germany will have in fighting trim three hundred submarines of the most efficient type and no vessel carrying food or munitions will be permitted to reach England."

"Ours will be a real blockade, not a coercive or illegitimate one, such as England pretended to institute against Germany."

"No compunction will be felt regarding the revival of submarine warfare because it is felt that England's abrogation of the declaration of London has left Germany free of restraint in the matter of her promise to America."

Forstmann to Command

Walter Forstmann, Germany's most skilled submariner, is on the program to command the squadron of submarines. He recently received the Order of Merit for sinking more than a hundred vessels, which included transports, patrol vessels and merchantmen.

The return of the great submarine Deutschland from the United States has encouraged further undersea efforts. Many new submarines will be equipped with improved devices, one of which will enable submarine commanders to detect and destroy nets which England has laid and will lay in great numbers.

Bremen Mystery

Mystery enshrouds the whereabouts of the submarine Bremen. That she has suffered damage to her engines or that she has been sunk by a British destroyer is denied by naval authorities here.

The Bremen should have reached Baltimore, however, before the Deutschland started on her return trip.

HUGHES BEGINS CAMPAIGN IN N. Y. STATE

SYRACUSE, N. Y., Sept. 12.—Charles E. Hughes, Republican nominee for President, opened his campaign in New York state yesterday in friendly territory—in Onondaga county, where surface indications point to a general coalition of Republicans and Progressives in an effort to give the candidate an old time G. O. P. majority. Here Mr. Hughes, after being greeted with a big street parade, was escorted to the state fair, where he made an address to 5000 people, which varied little from his previous speeches.

The candidate was informed that the farmers of the state are with him on his denunciation of the Adamson bill. The farmers are credited with a feeling that when President Wilson went to the assistance of the railroad employees he turned his back on the tillers of the soil, who fear that in the long run they will have to pay in higher freight rates increased pay of the railway workers.

A banquet at the Onondaga hotel last night wound up the candidate's successful day.

Mr. Hughes and his party left last night for Plattsburg, where he was scheduled to be the guest today of General Wood at the preparedness camp. He will reach New York on Wednesday morning, and evening will find him installed at Bridgehampton for a brief rest prior to embarking on the second speaking tour, which will occupy him practically to the end of the campaign.

NOTICE INVITING BIDS
Santa Ana, Calif., Sept. 6, 1916.
In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted September 6, 1916, directing that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of 2 o'clock p. m. of October 4, 1916, sealed bids or proposals for the construction of a four inch, sixteen mile long sewer line extending from Myford Road extending from State Highway northwesterly a distance of about three-fourths mile.

Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bids for Sewer Line". The work is to be done in accordance with the profiles, plans and specifications adopted by the Board of Supervisors and filed in the office of said Board and in the office of the County Surveyor in the Court House.

Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange for an amount not less than five per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the bid is awarded to him, and in event of failure to enter into such contract said check shall become the property of the county.

The amount of the bond to be given to secure a faithful performance of the contract for said sewer line shall be in the form of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted for by the Contractor, or any work or labor of any kind done thereon, and also will be required to furnish a certificate that he carries compensation insurance covering all his employees upon work to be done under contract which may be entered into between him and the said county for the building of said road.

Under these specifications the County of Orange will furnish the right of way, all crushed rock, gravel and cement, f.o.b. cars nearest freight siding to said work. Copies will be furnished intending bidders upon application to the County Surveyor of said County for which a deposit of three (\$3.00) dollars will be required to be returned on the filing of bid, and the return of plans and specifications. The Board of Supervisors reserves the right to reject any and all bids.

By order of the Board of Supervisors of the County of Orange, State of California, W. B. WILLIAMS, County Clerk.

LOCAL AUTHOR IS ON CANADIAN POSTOFFICE BLACKLIST

A Santa Ana author is in bad with the English government.

His works have been blacklisted and denied admission to the mail.

Louis Petersen, scientific horse-shoer, is the man against whom the government has taken action.

"Statement of Truth and Scientific Facts" is the title of a booklet issued by Petersen in December, 1915. He has issued a number of books dealing with scientific horse-shoeing.

In his latest treatise on the science of shoeing he has woven a most interesting story about the horse with incidents of the war—its causes and the action of the Kaiser.

Through comments in trade journals his book received considerable advertising in Canada, and as a result orders were received for a dozen or more in the dominion. Copies of them evidently fell into the hands of government officials. Petersen's name is contained in a blacklist issued by the Canadian government on February 29 and just made public. The list is against "persons and periodicals supposed by the Canadian government to be engaged in aiding the German government."

Petersen is a native of Germany and defends the action of the Kaiser and asserts that he did everything possible to avert war.

Perhaps his strangest statement and the one which probably gave offense, is as follows:

"Russia started the war, while England was the cause of it. We here in America are led to believe that the Kaiser was the cause of the war and in behalf of the Kaiser and Fatherland, I want to say we put the blame on the wrong man. You may read the official text of telegrams that Kaiser William sent to the Czar of Russia, the King of England and to the Republic of France before the war started.

"It should convince you that the Kaiser earnestly strove for peace until the last, when he was forced to go into this war for the defense of the German empire because Russia was marching into Germany from the East. The French were mobilizing and going through Belgium to strike at Germany on the Rhine, and the Belgians joined

Henry Reuter Dahl, Co-Editor of Paramount Pictographs.

The one man who has succeeded in becoming one of the highest authorities on naval matters—Henry Reuter Dahl—has co-operated with the editors of the Paramount Pictographs, the "magazine-on-the-screen," ever since its inception, bringing to the attention of the American public the grave need of naval preparedness.

His thoughts which have been visualized on the screen have done wonders to bring the real status of naval affairs before the American public.

the French for the same purpose. The English saw Germany was between two fires and declared war on Germany the 4th day of August, 1914. It was that day when England pawed her soul to the devil, and she cannot redeem it until she has paid for all the war expense and suffering caused by the war. The higher ups of England, like the Russians, must bend or break. England is now paying the price for driving the Boers from their homes in South Africa, for greed, to please the higher ups in 1900. What do you think of nations that say to the common people, 'Stand up, you men, to be shot down and don't ask the reason why. We higher ups see fit to have you die?' In Germany it is different. All are soldiers, and in proof that all take part, the Kaiser and his sons are fighting at the front."

Numerous official documents are quoted in support of Petersen's assertion that the Kaiser did not start the war.

"I received a number of orders from Canada for my book," said Petersen today. "I don't know how the book fell into the hands of the Canadian officials, but suppose they were sent by Canadians who ordered them from me."

L. A. BOY DECORATED FOR VERDUN BRAVERY

LOS ANGELES, Sept. 11.—George W. Fish, a Los Angeles boy, brother of Farnum Fish, the aviator, has been decorated for conspicuous bravery on the field, in service with an ambulance corps at the Verdun front.

Arriving in New York with several other young Americans who have been in the ambulance service, Fish wore his "cross of war with palms." Some one discovered it and a comrade told the ship news reporters what it meant. Dr. C. W. Fish and Mrs. Fish, of 2120 Union street, father and mother of the young man, knew nothing of the honors he had won until the press dispatches came from the east and newspaper men here made inquiries.

SPOKANE TRIAL OF 5 BUSINESS MEN NEARS

SPOKANE, Wash., Sept. 11.—Trial of the five officials of the Northwestern General Trading Company of Spokane and its subsidiary organization on charges of using the mails to defraud will begin, according to the expectations of the attorneys in the United States District Court here, in the October term.

The Northwestern General Trading Company of Spokane is not connected with the Northwest Trading Company having offices in Seattle, Chicago and the Orient.

INDIANS IN PETITION SEEK RIGHT TO VOTE

SAN FRANCISCO, Sept. 11.—A petition for a writ of mandamus to compel Shafter Mathews, county clerk of Lake county, to register Indian voters, was pending before the State Supreme Court here.

The petition was filed by the Indian board of co-operation yesterday and claimed that Indians are citizens because they are not living in tribal communities and also because the ballot was given them in the treaty with Mexico ceding California to the United States.

FIGHT FOR MORE DEPTH IN U. S. WATERWAYS TO BE WAGED

PHILADELPHIA, Sept. 9.—A mighty battle for deeper waterways "for commerce and national defense" will be fought here beginning tomorrow when delegates from every coastal state will assemble in the Bellevue-Stratford Hotel for the Philadelphia convention of the Atlantic Deeper Waterways Association.

With adequate preparedness against commercial or international war being so agitated, the managers have set the scenes for what they declare will be the most important and successful gathering this association has ever held. The theme of the convention will blaze from behind the speakers' platform in electric letters—"To Be Prepared for Commerce in Peace and Defense in War is Common Sense Preparedness."

To Discuss Every Phase
During the four days of the gathering—September 12, 13, 14 and 15 inclusive—every phase of improving America's waterways will be discussed by men representing every profession and business line. The association numbers among its delegates governors, mayors, railroad presidents, congressmen, senators, bankers, merchants, army and navy experts and engineers.

Two basic arguments will hold the center of attention. First, build harbors and canals to assure the movement of commerce in the event of labor wars such as the threatened railroad strike that would have paralyzed business; second, build to prepare against international strife.

Distinguished Visitors
Tuesday afternoon's addresses will be delivered by congressmen, governors, army and navy officers and other distinguished visitors.

Wednesday and Thursday, the convention will move to Delaware river boats. Wednesday, the delegates will be taken up the Delaware to Trenton where a great demonstration on the inadequacy of the Delaware and Raritan Canal will await them. Governor Fielder will address the convention and the locks of the canal in question will be inspected.

Thursday the convention will sail down the Delaware to Chester, Wilmington and Delaware City. At each place arrangements have been made to receive the delegates in "royal fashion." The Chesapeake and Delaware Canal, which will be one of the main points for discussion, will be inspected.

To Visit Shipyards
The last day will be spent, in the morning, visiting the vast shipyards, built and building, in Camden and along the opposite shore of the Delaware.

Secretary of the Navy Daniels will deliver an address at the League Island Navy Yard in the afternoon. Marine drills, maneuvers and other exercises will be held.

President Wilson is expected to attend at some stage of the convention though a definite date has not been set.

The interoceanic waterway as a means of defense will be one of the biggest subjects. Taking advantage of the present craving for preparedness, the convention will urge legislation for deepening the Atlantic Coast canals as submarine stations. An endless navigable chain, connecting all the lakes, bays and waterways along the coast line inside the ocean from New England to Florida, is the hope of the convention.

"Kiel of America"
Next in importance, probably, will be the Chesapeake and Delaware Canal, called by leaders now on the ground the "Kiel of America." This body of water will be hailed by speakers as strategically important to this country as the Kiel Canal proved to Germany.

At least a dozen experts who have made intimate studies of the possibility in the C. and D. Canal, will speak upon this. Unless present plans fail, definite steps towards securing legislation for improving the strip connecting the Chesapeake Bay with the Delaware river so that it will float warships and merchant ships alike will be taken.

KOREA PRINCE TO WED PRINCESS OF JAPAN

TOKIO, Sept. 12.—Another step in the plan of the Japanese government to bring about the amalgamation of the peoples of Japan and Korea was announced today. Prince Li, heir of the former emperor of Korea, will soon marry a Japanese princess of the blood. The emperor already has sanctioned the match and the date for the wedding will be announced in a few months.

The match, which will be largely of a political nature, was arranged by Marshal Count Terauchi, governor general of Korea, who came to Tokio a few months ago in the role of Cupid. After the marriage the young prince, who is now serving in the Imperial army, will reside in Tokio, with a villa in Seoul.

The former emperor of Korea also may move to Tokio to spend his declining years.

The heir apparent has been educated in Japanese schools and has adopted Japanese customs and attire. He is said to be handsome.

FASHION LETTER

BY MARGARET MASON
(Written for the United Press)

Read
And heed
If you care
What you'll wear
One and all
In the Fall.

NEW YORK, Aug. 25.—It isn't the stuff that dreams are made of that interests us just now, even if we have been running to Shakespeare for the last few months.

It's the stuff that our Fall and Winter frocks and suits are to be fashioned from that has us all agog.

One thing is sure: we are going to be even more fear-somely and fursome than ever. Esquimos will look positively barekinned compared to us if we wear all the furry fashions that the fur designers have prepared for us.

Fur coats are to be fuller and more ripply than last season and in order to rob Peter to pay Paul, or, in other words, save on our other fur garments to put more into our coats, muffs are to be positively skimpy, as 'twere. Just little round bullet affairs.

The craze for moles that has evinced itself in our summer fur collars promises to lap over in the winter season and, in consequence, these little under-ground habits have sky high prices. Basking in the dazzling light of popular fancy is enough to account for the blindness of the 1916 mole.

Mink will return this winter to fashionable favor and kolinsky and skunk still hold their own.

Obviously, with such a craze for furs impending, near furs or materials made to imitate the real thing will be much in evidence. "Ederella" is one which simulates breadtail. It comes in narrow strips for banding and also in yard wide lengths. In the same widths also comes "ursine" which has a thick, soft, furlike nap.

For frocks we will ape the monks

with two materials loosely woven like sackcloth or the coarse fabric of which friars robes are made.

Like a twilled ratine is "serge mouffonne," and "drapelle" is a close imitation of broadcloth.

Serge and gabardine still continue in favor and there is a lovely thick soft diagonally twilled material, quite new called "double trykko."

As for colors we are to go quite subdued and almost sombre, demurely draped in brown, blue or violet.

Brown in particular is to be much worn and many a smart Fall suit will be done brown. There is a new shade of it called "Senegalais." At least, its name is new and that is about all as it would be hard to differentiate between our old brown friend "tete de negre."

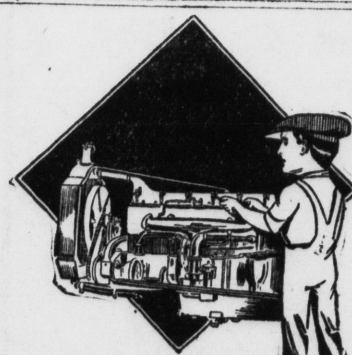

Suits are to be longer to match the days and they do say that fickle Dame Fashion will cast her hoops out of her heart and her wardrobe and return to slimsy, soft, straight lines.

Coming events cast their shadows before it is true, but just because the shadow happens to look a bit hooped now don't get reckless and hurriedly cast off your hoops on the strength of a mere forecast. Bear in mind that G. B. Shaw says "You never can tell."

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.
